Cover Rationale

A traditional symbol of inner strength and prosperity, the clover plant takes centre stage and grows sturdily skyward to blossom into full glory. Taking the place of the letter 'i' in "Flourishing" to express agility and movement, the elegant botanical creation expresses the beauty of Seal Incorporated Berhad and its subsidiary companies ("the Group") constant dynamism as the Group stays ever agile in exploring new opportunities on the market horizons to unlock constant growth. Always striving towards excellence, the Group remains deeply rooted to its values of teamwork, innovation and social responsibility, bolstering its manpower to maximise each and every team member's potential while never forgetting to inspire solidarity and spirit of giving to the local community.

Adopting agility and resilience has enabled the Group to tackle the uncertainties brought on by the Covid-19 pandemic. While it could not have fully prepared itself for the scope and scale of pandemic-related changes, the Group has remained flexible and agile, implementing swift and timely strategies to react to new challenges, to stand strong and sustainable in the new economic and social landscape.

MANAGEMENT DISCUSSION & ANALYSIS

Group's Business and Operation Overview

Starting as a group involved in integrated timber business, Seal Incorporated Berhad ("the Company") and its subsidiary companies ("the Group") has not only transformed itself and successfully diversified into construction and property industries with a full spectrum of related businesses namely property development, property management, property investment and building construction but also extended its reach to the Klang Valley region through its maiden turnkey construction project, namely Queensville, located in the heart of Bandar Sri Permaisuri, Cheras, Kuala Lumpur, of which Phase 1 has been successfully completed and delivered. Preparatory works for the construction of other phases of Queensville is under way and the construction works are expected to commence in 2022.

The prevailing Covid-19 pandemic has brought about unprecedented challenges and uncertainties not only to the world as a whole but also to every single business. The Group was no exception as its business operations were severely interrupted and adversely affected. As mentioned in our Annual Report 2020, the Group has decided not to renew the lease of Selayang Mall, which expired on 30 June 2020, as the pandemic has brought the retail business to a standstill and no longer financially viable to continue the lease. Other businesses of the Group are also hampered by the continuous imposition of the Movement Control Order ("MCO") by the Malaysian Government ("Government") across the nation. Nevertheless, the Group will continually strategise its existing businesses to ensure that the disruption of its operations from the pandemic is contained to a minimal level. Concurrently, the Group will continue to explore and look out for other potential business opportunities to further enhance its business portfolio in particular the property development segment in which opportunities arise for sourcing strategically located properties at competitive pricing resulted from the repercussion of the Covid-19 pandemic.

Financial Performance Review

For the financial year ended 30 June 2021, the Group recorded a revenue of RM18.8 million, a decrease of RM19.8 million from prior year. Lower revenue reported was a direct effect of the Group's exit from its property management of Selayang Mall after the non-renewal of its lease and the completion of Queensville Phase 1 in 2020, which was partially offset by the increase in property investment income as a result of higher occupancy rate achieved for its investment properties, higher income from timber-related businesses as well as the sale of completed development properties.

The Group also recorded a loss before tax of RM6.4 million for the year 2021, a swing from a profit before tax of RM19.9 million reported in prior year, which was mainly attributed to a non-recurring fair value gain of RM17.1 million recognised for its investment properties in prior year and additional costs incurred during the year resulting from the unilateral termination of construction contract by a main contractor.

On the revenue by segments, property development and construction are the main drivers, contributing approximately 54.7% to the Group's revenue, whereas property management and property investment have a share of about 25.9% while the timber-related businesses contributed approximately 16.0%.

Corporate Proposals

The Group has announced on 27 May 2021 that it proposed to undertake a private placement of up to 47,411,000 new ordinary shares in the Company, representing not more than 20% of the existing issued share capital (excluding treasury shares) of the Company at an issue price to be determined at a later date ("Proposed Private Placement"). The Proposed Private Placement would be undertaken in accordance with the general mandate approved by the Shareholders of the Company at its Annual General Meeting duly convened on 21 December 2020, pursuant to Sections 75 and 76 of the Companies Act 2016.

Out of the total 47,411,000 new ordinary shares approved under the Proposed Private Placement, 23,000,000 new shares were placed out to third parties at an issue price of RM0.346 each and the new shares were successfully listed on Bursa Malaysia Securities Berhad on 13 September 2021.

The Proposed Private Placement is expected to be completed in the second financial quarter of 2022.

MANAGEMENT DISCUSSION & ANALYSIS

Market Outlook

Bank Negara Malaysia reported that it has revised the Gross Domestic Product forecast for Malaysia to between 3.0% to 4.0% from the previous forecast of between 6.0% and 7.5% for year 2021. Weak growth was recorded across all economic sectors with the imposition of a nationwide Full Movement Control Order (“FMCO”) in June 2021 by the Government coupled with the rising Covid-19 infections which hamper economic recovery. Non-essential businesses were closed during the FMCO period. However, with a clearer perspective from the Government’s National Recovery Plan, there will be a gradual lifting of restrictions which will pave the way for a modest recovery later this year.

Ever since the COVID-19 outbreak, the global and local markets have been impacted and clouded with economic uncertainties. The Malaysian property development and construction industry have been severely affected by the disruption caused by the pandemic. The industry’s output has shrunk, as property development and construction activities were brought to a standstill nationwide, owing to the strict measures taken by the Government to contain the spread of COVID-19.

Business Prospects Moving Forward

It has been a challenging year for the Group as a result of the constant delays and operational disruptions caused by the recurring waves of the pandemic and the nationwide MCO and FMCO imposed by the Government. Nevertheless, the Group expects economic conditions and business activities to improve in the foreseeable future as vaccine roll-out program has gained momentum towards herd immunity and the National Recovery Plan mapped out by the Government to open up economic sectors by the end of year 2021.

With rightsizing and cost-control measures in place, the Group will be able to conserve its cash position while relying on its recurring income streams for near term sustenance and will ride on the downtime in economic activity to re-assess the most opportune time to roll out its next development plan for expansion. The Group is optimistic about new business opportunities in the near future for the expansion of the Group’s businesses and future income stream.

SUSTAINABILITY STATEMENT

Seal Incorporated Berhad (“the Company”) and its subsidiary companies (“the Group”) is committed to create value for all its stakeholders: customers, suppliers, employees, shareholders, business partners, communities and the environment. The Group aims to adopt good sustainability practices, to reduce environmental impacts of its activities, and help its purchasers to do the same. By doing so, the Group believes its products and solutions will benefit its customers, workers and support their wellbeing. The Group consults and collaborates with professionals and innovators across disciplines to improve and enhance its products and solutions.

To summarise its initiatives in the sustainability front, the Board of Directors (“the Board”) is pleased to report on the Group’s sustainability objectives, strategies and activities material to the Group, the way the Group manages it and other efforts undertaken to complement the Group’s sustainability objectives.

This Sustainability Statement (“Statement”) is an update of the preceding financial year’s Sustainability Statement. This Statement reporting framework is guided by Global Reporting Initiative (“GRI”) Standards as encouraged by Bursa Malaysia Securities Berhad (“Bursa Securities”).

Scope and Coverage

This Statement covers sustainability activities and its results in the Group for the financial year ended 30 June 2021 (“FY2021”) in the context of Economic, Environmental and Social. It includes the Company and all its subsidiaries located in Malaysia. The Statement covers its main business division, construction with its disclosure focused on sustainability initiatives of its largest revenue contributing project, Queensville Phase 1 located in Bandar Sri Permaisuri Cheras, Kuala Lumpur.

Governance

Key to a sustainable business is a strong sustainability governance structure. The Group’s sustainability structure together with operating standards and internal controls help its business implement sustainability strategy across the business, manage goal setting, decision-making process, strengthen relations with external stakeholders and ensure overall accountability.

The roles of each level of the structure are as follows:

The Board holds the ultimate responsibility for the implementation and monitoring of all aspects of sustainability for the Group. It provides both oversight and leadership to ensure that the organisation’s sustainability strategy supports long-term value creation for all its stakeholders. The Board comprises two (2) Executive Directors, five (5) Independent Non-Executive Directors and one (1) Non-Independent Non-Executive Director.

The Board has tasked the Executive Directors (“ED”) to review, deliberate and approve the Group’s sustainability strategy and initiatives. Sustainability strategies and initiatives put forward by the ED must be endorsed by the Board. The Sustainability Working Group (“SWG”) comprises two (2) ED, General Manager and various Head of Department (“HOD”).

The SWG, identifies and engages with relevant stakeholders, determine and manages material sustainability matters, proposes sustainability initiatives, implement and monitors the Group’s sustainability agenda.

SUSTAINABILITY STATEMENT

Sustainability Policy

Developed in financial year ended 30 June 2014, the Sustainability Policy emphasises on the framework for Economic, Environmental and Social (“EES”) and sustainability principles. This policy ensures the Group achieves a sustainable long-term balance and growth between meeting the business goals and preserving the environment while reducing the consumption of raw materials, labour and production costs. The focus areas include:

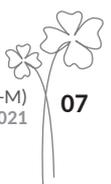

- a) Market place
- b) Workplace
- c) Community
- d) Environment

Stakeholder Engagement

Communication serves as basic component of good corporate governance. It operates to build a trust relationship the Group maintains with its stakeholders. The Group engages with its stakeholders through various means of communication to enable them to understand its business operations and to be able to create long-term value across its stakeholders. The Group seeks their feedbacks and input on several matters important to them. The stakeholders are identified through issues which are material based on their impact to the Group’s operations and the number of stakeholders affected.

The table below describes the Group’s stakeholder engagement approaches, focused areas relevant to its stakeholders and frequency of its engagement with the stakeholders in FY2021:

SUSTAINABILITY STATEMENT

Materiality Sustainability Matters

In FY2021, the materiality assessment was conducted by the SWG. These sustainability matters were then assessed based on their relevance, importance to the Group’s business and internal and external stakeholders.

Guided by Bursa Securities Sustainability Reporting Guide and Toolkits, they were then compiled and mapped into a materiality matrix. A total of 14 key sustainability matters were identified and evaluated based on its influence on the Group’s stakeholders and business are as shown in the profile below:

- 01 Financial Performance
- 02 Market Presence
- 03 Anti-bribery and Anti-corruption
- 04 Product and service quality
- 05 Supply Chain
- 06 Cybersecurity
- 07 Energy and Greenhouse Gas Emission
- 08 Waste Management
- 09 Environmental Compliance
- 10 Diversity and Equal Opportunity
- 11 Staff Welfare
- 12 Training and Development
- 13 Occupational Safety and Health
- 14 Local Community

Economic

Walking the talk in our sustainability journey, the Group developed and implemented a corporate-wide strategy for business sustainability that include stakeholders’ interests consideration. While the Group is mandated to achieve commercial success, it is committed to protect the natural environment and improve quality of life for future generations.

The Group’s mission is to deliver quality houses that exceed expectations of the community. The Group is aware that this is achievable through resource minimisation. With this understanding, the Group’s list of mission is as follow:

- Maintaining effective cost control and profit maximisation
- Capitalising opportunities to achieve the best results in both commercial and social roles
- Building and training human resources for constant progress
- Inspiring the value of teamwork for smooth co-operation and workflow
- Staying focused and keeping speed on par to enhance productivity.

SUSTAINABILITY STATEMENT

Economic

Financial Performance

The Covid-19 pandemic was known to have created significant adverse impact to the local and global economy across the sectors, with various stages of Movement Control Order (“MCO”) imposed by the Malaysian Government (“Government”), and the Group has not been spared the fall-out from the pandemic during FY2021.

For FY2021, the Group recorded revenue of RM18.8 million (FY2020: RM38.6 million) and loss before tax (“LBT”) of RM6.4 million (FY2020: Profit before tax (“PBT”) of RM19.9 million). The Group has taken various efforts and focused to achieve better profits and growth of its business. The Group is confident that the potential profits of the businesses are intact, and it is positioned to benefit from any recovery in the market as and when it comes.

Complete Audited Financial statements for FY2021 are presented in pages 52 to 118 of this Annual Report. For the details and analysis of our financial results, please refer to the Management Discussion and Analysis in pages 04 to 05 of this Annual Report.

Market Presence

Established in 1962, the Group has evolved to become one of Malaysia’s leading property developers. Over the years, the Group has expanded its local presence from its previous focus on the northern region of Malaysia to our capital city of Kuala Lumpur in the west with the most recent Queensville Phase 1 project. This was made possible due to the continuous recognition in delivering quality services and products with consideration to utmost ethical standards.

Anti-Bribery and Anti-Corruption Policy

The Group is committed to being in compliance with the laws and regulations issued by the regulators and authorities and applies comprehensive standards of ethical conduct and level of integrity in its business activities and operations.

The Group does not tolerate any form of bribery or corruption. The adoption of Anti-Bribery and Corruption Policy in June 2020 clearly demonstrated that the Group embraces zero-tolerance to bribery and corruption consistent with its objectives. This is also in line with the laws of the Guidelines on Adequate Procedures through Malaysian Anti-Corruption Commission (“MACC”) Amendments Act 2018.

This Anti Bribery and Corruption policy is available on the Company’s website at www.sib.com.my/corporate-governance.php.

SUSTAINABILITY STATEMENT

Economic

Whistleblowing Policy & Guidelines

In promoting zero tolerance towards fraud, corruption and other forms of unethical behaviour or conduct, the Company has put in place a mechanism as stipulated in the Whistle Blowing Policy & Guidelines which is accessible by its employees and third parties. The Group encourages any suspected misconduct or wrongdoings, or any such suspected instances to be reported to the Chairman or any member of the Audit Committee.

In FY2021, there was zero incident (2020: Nil) on whistle blowing cases in relation to ethical business practices or suspicious corruption or unethical behaviour reported to the Chairman or any member of the Audit Committee. The Group will continuously review its policies and processes to enable the compliance of the standards.

The Whistle Blowing policy and the process of how to report any suspected cases are available on the Company's website www.sib.com.my/corporate-governance.php.

Product and Service Quality

As a service provider, strong branding image and positive reputation, backed by consistent product and service quality are key to meet customers' expectation at all times, the Group places its products and service quality on par with other ESG matters. The Group embraces continuous improvement of its processes involving all departments and senior management team to discuss challenges, identification of root causes and action plans, and monitors the progress of implementation to achieve work efficiency and eliminate waste.

Procurement

The Group is aligned with the Government's policy to buy local products and services, it supported the movement by buying local for its projects and developments. Where the projects operate in Malaysia, the Group utilises local vendors, service providers and suppliers and believes this indirectly generates a positive multiplier effect to local businesses and communities in and around the Group's developments. Without the need to ship from abroad, the Group essentially registers lower carbon footprint while enabling local supply chain growth.

Vendors and suppliers are assessed based on a systematic evaluation process, embedded in the Procurement Policy, by the procurement team and end users. Embracing constant engagement with its vendors is part of the Group's processes, as it will not only promote productive working relationship but meeting specific needs and quality expectation too. The Group hopes the practices will create a sustainable supply chain in the upcoming engagements.

Cybersecurity

The Group is fully conscious that cybercrime in the current digital era is likely to increase. As the technology advances, cybersecurity also progresses and so do the cybercriminals attacks. In handling the cybersecurity attacks, the Group addresses cybersecurity risks with its employees and train them to handle the attacks. Good security awareness training is important for the staff to always be on the lookout for potential threats.

The Group believes that with a collaborative approach, its employees is able to assist the Group towards keeping it safe from any unsuspecting activities that might lead to a breach.

In FY2021, there was no security incidents that occurred in the Group. (FY2020: Nil)

SUSTAINABILITY STATEMENT

Environment Sustainability

Climate Change

For the past few years, global temperature has been consistently among the hottest on record. The Group recognises the potential impact of human activities on the recent exponential change in global temperature and climate related issues. Thus, the Group is actively taking steps to lower its carbon emissions and is open to ideas in providing solutions towards building a low carbon society.

As Malaysia's leading property developer, the Group prepares itself to work towards reducing its carbon footprint locally and at a global level too. The Group sets priorities on climate action plans and strive to explore sustainable solutions embedded as part of its operations.

At the construction site, composite timber decking became the Group's main material choice. The composite timber decking which was manufactured using approximately 89% of recycled materials, offers better ecological sustainability to timber. Apart from providing a superior longevity to that of any timber counterpart, the board is stronger, more resilient, recyclable, and far safer too.

Energy and Water Management and Greenhouse Gas Emissions

Measures are undertaken in managing the use of the resources like clean water and electricity. The Group improvise its design to its processes and explore avenues to constantly monitor its energy consumption across its operations to improve energy efficiency.

It is a strategic decision to entail lesser energy consumption, wastages from construction sites, and at the same time generating additional income that contributes positively to the Group.

Other initiatives that we implemented to reduce the overall electricity and water consumption are as follow:

- a) Adopting digitalisation and paperless processing in our workplace, where the use of papers was greatly reduced and eliminated, in certain circumstances. We conducted our meetings virtually and teleconference calls between employees and vendors or suppliers.
- b) Practice saving electricity by using energy in the most efficient manner. For our Queensville Phase 1 project, the Group incorporated the building design with 'green' features such as enhanced natural lighting during daytime. The Group also utilises LED lightings, which consumed far less electricity as compared to conventional lightings.

The Group's offices, including its head office in Penang, uses a Variable Refrigerant Volume system for its air conditioners, which sets the room temperature to achieve maximum energy efficiency.

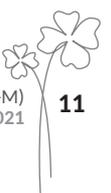

- c) Rainwater harvesting, which is a cost-effective system of collecting and storing rainwater, has been used for various purposes, including cleaning and watering plants at Queensville Phase 1 project's site.

Waste Management

The Group's waste management strategies are focused on source reduction. The Group continuously explore areas for improvement with the objective to minimise resource consumption at source. These involved adjustment to raw material consumption parameters, technical re-engineering and solution for process improvement, and collaboration with suppliers to achieve material optimisation and minimisation.

From a property development perspective, the Group consistently strives to ensure that it fulfils statutory requirements, with all its construction, building wastes and effluent handled by professional waste management vendors that are licensed by local authorities.

In FY2021, the Group prepared a waste management plan to minimise the generation of waste material. It started with the monitoring of waste production and waste flow with the objective to reduce the waste that is produced, and recycled waste material, if allowable and if not, dispose of the waste in accordance with regulations.

SUSTAINABILITY STATEMENT

Environment Sustainability

Waste Management (Cont'd)

Similar to managing waste at the Group's project sites, waste management in office operations also require a proper plan and strategy. In terms of waste that comes from day-to-day office operations such as paper, plastic and other forms of commercial material, the Group's Waste Management Plan (Office Operations) encapsulates the 3Rs of Reduce, Reuse and Recycle. Through thorough monitoring and planning, waste that are generated are separated into the respective 3R categories and then managed accordingly.

The objective is to reduce waste as much as possible; preserving the environment and at the same time save operational cost. The Group's employees have also been inculcated with waste minimisation habits like recycling paper, double-sided printing of documents to reduce paper usage and printing of documents that are transmitted through electronic communication channels only when necessary.

The Group is pleased to highlight that it did not received any complaints or penalties by the authorities for improper waste management related to its development projects during the financial year under review. (FY2020: Nil).

Environmental Compliance

As a construction company, the Group is mindful of incorporating 'green' aspects into its design elements including innovations that can reduce consumption of water, energy and raw materials. The Group aims to reduce the impact of its operations on the environment at every stage of the property development value chain. This includes land acquisition, planning and design to procurement, construction, transportation and operation and maintenance.

In accordance with the Group's Environmental Management Procedure at its project sites, initiatives were taken to safeguard the environment. These included the periodic monitoring of air and water quality in and around a project site; consistent spraying of water to reduce air pollution; and putting in place anti-noise elements like barriers and mufflers, as and when necessary.

The Group uses low or near-zero Volatile Organic Components paints, solvents, adhesives to protect air quality; ensures building insulants have zero ozone-depleting potential; and as much as possible, the recycled materials within the construction process.

There was no incident of non-compliance with environmental laws and regulations and the Group has not been penalised or fined for any environmental violation in FY2021. (FY2020: Nil)

Social Investment

Diversity and Equal Opportunity

The Group recognises that workforce is the main underlying factor in achieving a sustainable future thereby, a collaborative, multidisciplinary approach is required to effectively tackle workforce issue.

The Group promotes diversity and equal opportunity to all its employees, regardless of gender, age, race, religion and background. The Group recognises the value of each of its talented individuals who carry their own unique perspectives, ideas and experiences, which in turn will enable the Group to succeed in achieving its business goals.

In FY2021, the Group's workforce comprises of 28% of male (FY2020: 48%) and 72% of female (FY2020: 52%). The Group continues to exercise prudence in ensuring that it hires the best candidates purely based on their experiences, competence and their future potential to grow, free of any biasness.

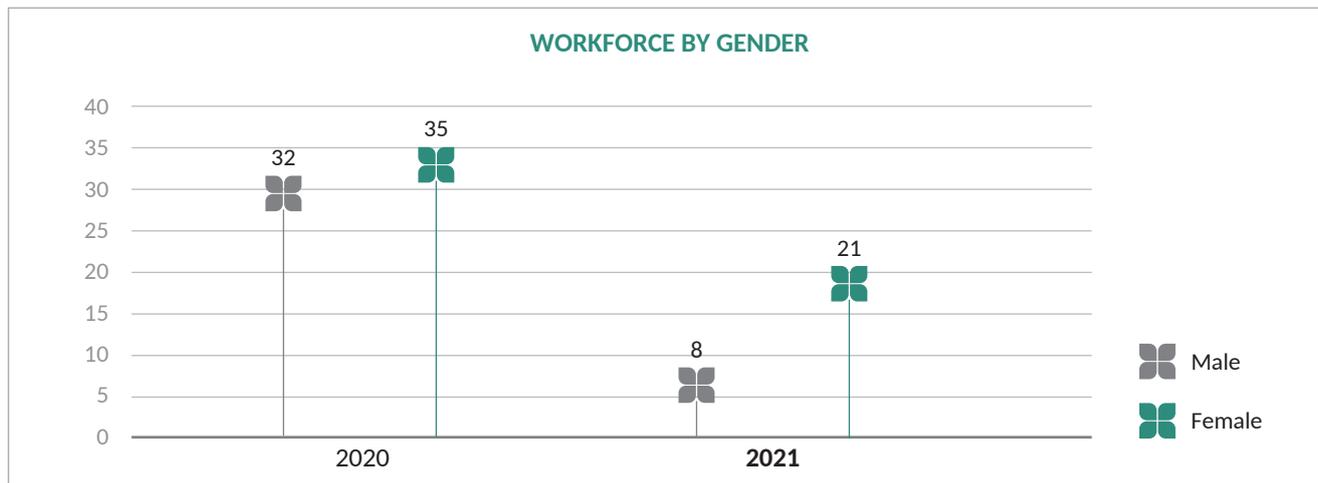

SUSTAINABILITY STATEMENT

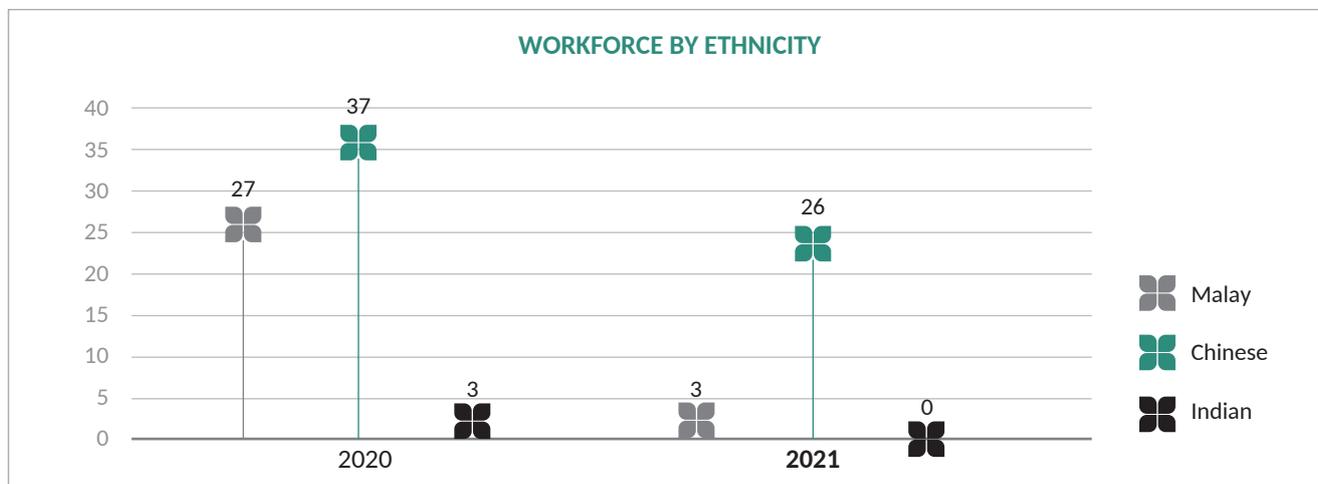

Social Investment

Diversity and Equal Opportunity (Cont'd)

Due to the non-renewal of the lease of Selayang Mall Agreement in financial year ended 30 June 2020 ("FY2020"), the Group regrettably had to retrench a significant portion of its workforce, particularly those in the property management division. Hence, this resulted in the notable reduction of its overall workforce in FY2021 to 29 (FY2020: 67).

The Group understands the significance of contributing back to the communities by way of job creations and boosting the local economy. Being part of the Malaysian property development and construction sector, the Group is proud to say that 100% of its employed workforce are all Malaysians.

Staff Welfare

In its continuous efforts to recognise the employees' contribution to the Group's success, it ensures that its employees are offered competitive remuneration packages beyond the requirement of Employment Act 1955, which includes benefits ranging from hospitalisation and surgical insurance plan, personal accident insurance plan, annual leave benefits and various allowances.

Training and Development

The Group is cognisant of the importance of fostering a strong learning culture to maintain a high level of competence and expertise amongst its employees. The Group supports its talented employees by enabling them to develop their technical and professional skills through various internal and external training programmes and development opportunities. The Heads of Department play an important role in assisting its employees in identifying their training needs with the aim of ensuring that they are well equipped with the relevant skills and knowledge required for the Group's daily business operations.

The Group has also organised health and safety training programmes with the aim to disseminate important information with regards to the Covid-19 pandemic. This is to ensure that the Group's workforce is well-informed of the latest development regarding the coronavirus and that the appropriate safety and health precautions are being practised at all times.

The table below summarises the training programmes which have been organised during FY2021:

Training Category	FY2021		FY2020

Occupational Health and Safety

The Covid-19 pandemic has certainly engrained its mark upon all lives and business operations across the globe. In such a circumstance, the Group believes that it is of utmost importance that the safety and health of its employees, customers as well as the communities that it engages with, continue to be integrated into its daily business operations.

In its relentless endeavour to provide a safe and healthy environment for its employees to work in, the Group's Health and Safety ("HS") Committee was established with the aim to provide effective and sound HS management system encompassing General Health & Safety policies in the Group's business operations. The committee supports the Group to ensure that it has controls needed to set a high workplace health and safety standards.

The Group's HS Committee is headed by a Chairman, assisted by two (2) Supervisors and supported by members who are the Head of Departments.

The HS Committee consistently reviews, monitors and improves the safety and health procedures where necessary, to ensure that the Group is consistently in compliance with the regulatory requirements and industry best practices in its daily operations.

Covid-19 Pandemic Response Plan

In light of the Covid-19 pandemic outbreak in early 2020, the Group is committed to enhancing its Standard Operating Procedures ("SOPs") to incorporate strict prevention and response measures to ensure that the workplace, especially the construction sites are safe to work in.

As per the guidelines established by the Ministry of International Trade and Industry, Ministry of Health and the Department of Occupational Safety and Health Malaysia, the Group has formulated a set of protocols that will govern its daily business operations in the new norm. The following are some of the established SOPs:

- Update MySejahtera application Covid-19 risk status and check-in daily and send screenshot to Human Resource department
- Daily temperature screening (prohibited entrance to premises for temperature of 37.5 °C or higher)
- Use of protective equipment such as face masks at all times;
- Limiting the number of employees and visitors in the workplace at any given time;
- Maintaining social distancing at work (1-2 meters apart); and
- Cleaning and disinfecting office premises common areas regularly, refilling hand sanitiser dispensers frequently, and disinfecting highly-touched items often.

Local Community

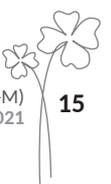

The Group has always regarded the local communities as one of the most important aspect in conducting its business. Being in the construction industry in particular, the Group is compassionate in upholding its responsibility to not only minimise the adverse effects of the activities that it carries out, but also to build meaningful relationships with the people whose lives are affected by them. It is an opportunity for the Group to give back to its community by helping them with matters such as fund raising and giving out care packages, especially to those who were affected by the recent Covid-19 pandemic outbreak.

In January 2021, the Group made contributions via donations to Persatuan Kebajikan Kanak-Kanak OKU Bayan Lepas, Pulau Pinang.

The Group also donated 8 Central Processing Units to SJK (C) Chin Hwa in April 2021.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

INTRODUCTION

The Board of Directors (“Board”) of Seal Incorporated Berhad (“Seal” or the Company”) views corporate governance as a fundamental process contributing towards achieving long term shareholder value, taking into account the interest of other stakeholders. Amidst an increasingly challenging operating environment, the Board continuously strives to refine the Company and its subsidiaries (“Group”) corporate governance practices and processes to meet these challenges.

In this Annual Report, the Company outline its corporate governance practices as guided by the key Corporate Governance (“CG”) principles set out in the Malaysian Code on Corporate Governance 2021 (the “Code” or “MCCG”) and in accordance with Bursa Malaysia Securities Berhad’s (“Bursa Securities”) Main Market Listing Requirements (“MMLR”). This statement is to be read in conjunction with the CG Report which is available at the Company’s website at [www. http://sib.com.my/announcements.php](http://sib.com.my/announcements.php) or Bursa Securities’s website. The Group continues to review its governance practices and will update the practices in response to evolving new practices and the changing requirements.

Compliant Statement

The Company and the Group, as applicable, have applied the principles as set out in the MCCG during the financial year ended 30 June 2021 (“FY2021”), except for the following practices, which in the opinion of the Board of Directors adequately suit the circumstances and a summary of their justifications are as follows:

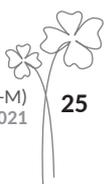

Practices	Justification
Practice 4.5: The board discloses in its annual report the company’s policies on gender diversity, its targets and measures to meet those targets. For Large Companies, the board must have at least 30% women directors.	The Board has no immediate plan to implement a gender diversity policy or target as the Board views that any new appointment shall be based on the candidate’s area of expertise, skills, educational background, gender, ethnicity as well as other factors that might provide a broader range of viewpoints and perspective. The Board is nevertheless supportive of gender diversity as recommended by MCCG and will endeavour to consider suitable and qualified female candidates for appointment to the Board in the future.
Practice 7.2: The board discloses on a named basis the top five senior management’s remuneration component including salary, bonus, benefits in-kind and other emoluments in bands of RM50,000.	The Board is of the view that the interest of shareholders will not be prejudiced from the non-disclosure of identity of the Company’s top senior management personnel who are not Directors. The Board also believes that it would not be in the best interest of the Company to disclose the identity and detailed remuneration of senior management due to the sensitive and confidential nature of employees’ remuneration and concern over poaching of employees by competitors.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

Principal Responsibilities of the Board

The Group recognises the pivotal role played by the Board in the stewardship of its direction, operation and ultimately, enhancement of long-term shareholders’ value. The Board is primarily responsible for the overall governance of the Group with an active role in setting and leading the long-term direction and corporate strategy of the Group, attending to crucial business issues such as identifying and managing principal risks, establishing and monitoring systems for internal control and compliance with relevant laws and regulations. The Board also monitors the decisions and actions of the Executive Directors and the performance of the Group to gain assurance that progress is being made towards achieving corporate objectives within the limits imposed throughout the Group’s governance assurance framework. Key principle responsibilities of the Board are:

- a) Providing leadership to the Company by:
 - Guiding the development of appropriate standards and values for the Company; and
 - Understanding shareholders’ expectations and contribute to the development of strategies in their best interest and enhance shareholders’ value.
- b) Adopting performance measures to monitor implementation and performance of the strategy, policies, plans, legal and fiduciary obligations that affect the business and regularly review and update the Company’s strategic direction and goals;
- c) Commitment in governing management and providing oversight of the Company, including the appointment of key senior management, the implementation of appropriate policies and procedures that govern management conduct, the monitoring of performance and succession planning;

CORPORATE GOVERNANCE OVERVIEW STATEMENT

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

Principal Responsibilities of the Board (cont'd)

- d) Reviewing the Group's sustainability matters;
- e) Ensuring effective risk assessment, risk management, compliance and control systems (including compliance with all relevant laws and regulations) are in place;
- f) Understand the principal risks of the Group and establish an on-going process in identifying, evaluating and managing significant risks and continually assess the adequacy and effectiveness of the internal controls;
- g) Ensuring corporate accountability to the shareholders by promoting better investor relations and shareholders' communication; and
- h) Delegating appropriate powers to Chief Executive Officer, Management and Committees to ensure effective day-to-day management and monitoring the exercise of these powers.

Board Charter

The Board has formalised and adopted a Board Charter as a source of reference and induction literature as well as an insight for existing and prospective Board members to assist the Board in the performance of their fiduciary duties. The Board Charter outlined the composition, roles, responsibilities, and the Board's processes. The Board Charter is available for reference at the Company's website at www.sib.com.my ("Company's website").

The Board reviews the Board Charter as and when required to keep up to date with changes in the MMLR, other applicable regulations, best practices and ensure its effectiveness and relevance to the Board's objectives.

In promoting good governance practices and to enhance transparency and accountability, the Board has established and put in place the following policies and procedures, full details of which are made available at the Company's website:

- a) Code of Conduct
- b) Whistleblowing Policy and Procedure
- c) Sustainability Policy
- d) Anti-Bribery and Corruption Policy
- e) Remuneration Policy

Board Committees

The Board is assisted by the following sub-committees ("Board Committees") in the discharge of its duties and responsibilities:

- a) Audit Committee
- b) Nominating Committee
- c) Remuneration Committee

The Board Committees are entrusted with specific responsibilities to oversee the Group's affairs with authority to act on behalf of the Board and operate within their respective approved Terms of Reference ("TOR") by the Board. These TORs are periodically reviewed by the Board and the Board appoints the Chairman and members of each Board Committee. The Chairman of the respective Board Committees reports to the Board on key matters deliberated at the Board Committees' meetings and makes necessary recommendations to the Board. The ultimate responsibility for decision making lies with the Board.

The details of the Audit Committee ("AC"), Nominating Committee ("NC") and Remuneration Committee ("RC") are explained in this Statement.

Gender Diversity Policy

The Board has yet to develop gender diversity policy and is of the view that any new appointment to the Board shall be based on the candidate's qualification, capability, skills, knowledge, experience, core competencies, professionalism and integrity regardless of gender and ethnicity.

The Board is nevertheless supportive of gender diversity as recommended by MCCG and endeavour to consider suitable and qualified female candidates for appointment to the Board in the future. To-date, there are 28% women employees in senior positions of the Group and one (1) woman Director on the Board i.e., 12.5% of woman representation on the Board.

The Board endeavours to have diversity in its workforce in terms of experience, qualification, ethnicity and age.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

Principal Responsibilities of the Board (cont'd)

Foster Commitment

Paragraph 15.06 of the MMLR provides that directors of listed company may not hold more than five (5) directorships in listed companies to ensure that they have sufficient time to discharge their duties and responsibilities. None of the Board members serve in more than five (5) listed companies.

Board Composition and Independence

The Board comprises eight (8) members, an Executive Chairman, an Executive Director, a Non-Independent Non-Executive Director and five (5) Independent Non-Executive Directors ("INED") which complied with paragraph 15.02 of the MMLR of having at least one-third (1/3) of the Board members as INEDs.

The INEDs contribute to the formulation of policies and decision making of the Group by providing independent judgment, experience and objectivity without being subordinated to operational considerations. They bring with them the calibre necessary to carry sufficient weight in the Board's decisions, to ensure the interests of all stakeholders are taken into account and that the relevant issues are subjected to objective and impartial consideration by the Board.

The Board comprises a majority INEDs, who do not participate in the day-to-day management of the Group enabling them to provide impartial views and advices and bring an independent judgement to challenge various views and monitor the performance of management, thus, is providing a good checks and balances in the Board.

The Board is satisfied that the present size and composition of the Board is appropriate for the complexity and scale of operations of the Group.

The Board is led by a well experienced Chairman who is responsible for instilling good corporate governance practices, leadership and effectiveness of the Board ensuring the Board carries out its responsibilities in the best interest of the Group and that all key issues are disclosed in a timely manner whilst the Executive Director is responsible for the day-to-day management of the Group's business which includes decision-making on operation matters and implementation of policies, strategic plans and major decisions which require approval of the Board. The Non-Executive Directors contribute their knowledge and experience in business strategic plans.

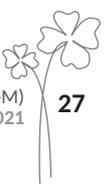

Pursuant to Practice 1.3 of the MCGG, the positions of Chairman and Chief Executive Officer ("CEO") should be held by different individuals. The Board supports the principle that the positions of Chairman and Chief Executive Officer should be held by different individuals for the effective functioning of the Board and facilitates a good check and balance mechanism. However, the Company does not have a CEO presently but have another Executive Director besides the Executive Chairman who manages the daily business and operations of the Group and ensure the implementation of the Group's policies and strategic plans.

The Nominating Committee has assessed, reviewed and determined that the Chairmanship of Tuan Haji Abdul Hamid bin Mohd Hassan shall remain based on the following justifications/aspects contributed by him as Chairman of the Board:

- a) he has vast experience in the corporate field and extensive experience in taxation matters that enables him to provide the Board with the experience and real-life scenario to better manage and run the Group;
- b) he has exercised due care in the interest of the Group and shareholders during his tenure as an Executive Chairman of the Group; and
- c) he has provided objectivity in decision making and ensured effective checks and balances in the proceedings of the Board.

Board Meetings

The Board meets every quarter on a scheduled basis with additional meetings convened as and when necessary. The meetings are scheduled in advance annually to enable the Directors to plan their schedules accordingly and board meetings could be held as scheduled. Urgent and important matters are resolved by way of written resolutions and clarifications are provided to the Directors where necessary.

The Board is supported by qualified and competent Company Secretaries. The Company Secretaries regularly update and advise the Board on statutory and regulatory requirements.

Both Company Secretaries roles and responsibilities include:

- a) attend and ensure all Board, Board Committees and General meetings are properly convened and ensure that deliberations at Board, Board Committees and General Meetings are well recorded;
- b) provide support to the Chairman to ensure the effective functioning of the Board and assist the Chairman in preparation of conduct of meetings;
- c) ensure that the due processes and proceedings are in place and properly managed for all General Meetings;
- d) update and advise the Board on Board's procedures and ensure that the applicable rules and regulations for the conduct of the affairs of the Board and the Company are complied with and all matters associated with the maintenance of the Board or otherwise required for its efficient operation; and
- e) ensure proper upkeep of statutory registers and records of the Company; and advise the Board on compliance of statutory and regulatory requirements.

Nominating Committee

The NC was formed on 22 August 2002 and is tasked to oversee the effectiveness of Directors' selection process and appropriate structure for management development as well as to assess the performance of the Directors and Board Committees. The NC's roles and responsibilities and its authority are set out in the TOR which is available for reference at the Company's website.

The members of the NC comprises exclusively of INEDs. The members and their attendance at NC meeting are as follows:

Members	Meeting Attendance
Datuk Tan Hiang Joo - Chairman	1/1
Chee Wai Hong	1/1
Yang Teramat Mulia Raja Kecil Tengah Perak Raja Dato' Seri Iskandar bin Raja Ziran @ Raja Zaid (Appointed w.e.f. 4 September 2020)	*

Notes:

* Not a member of the NC at the time of the last NC Meeting held in August 2020.

Resigned during FY2021

The activities of the NC during FY2021 are as follows:

- a) reviewed the terms of office and performance of the AC and each of its members annually to determine whether the AC and its members have carried out their duties in accordance with the TOR;
- b) reviewed the performance of the NC and the RC;
- c) reviewed the performance of the Directors retiring at the next AGM of the Company;
- d) assessed the independence of the Independent Directors;
- e) reviewed the annual assessment of the effectiveness of the Board, Board Committees and Individual Directors based on the criteria established;
- f) recommended to the Board the appointment of Directors;
- g) discussed and recommended the re-election of Directors who retired in accordance with the Company's Constitution; and
- h) recommended to the Board the changes to the Board Committees.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

Nominating Committee (cont'd)

The NC upon its assessments carried out was satisfied that:

- a) the INEDs have complied with the definition of INEDs as defined in the MMLR;
- b) the Directors are able to devote sufficient time commitment to their roles and responsibilities as Directors of the Company, as none of them hold more than 5 directorships in public listed companies; and
- c) the results of the self-assessments by Directors and Board's effectiveness as a whole indicated that the performance of the Board, the Board Committees and the individual Directors during the review period had been good and therefore, they had been effective in their overall discharge of their functions and duties.

Recruitment or Appointment of Directors

In discharging its responsibilities, the NC considered, inter alia, skills, knowledge, expertise and experience, professionalism, sound judgement, diversity of gender, commitment (including time commitment), calibre, integrity and credibility of new Directors to be appointed. The Group practices a clear and transparent nomination process which involves the following stages:

- a) identification of candidates;
- b) evaluation of suitability of candidates;
- c) meeting up with the candidates; and
- d) final deliberation by the NC.

The NC will then recommend the candidates for approval and appointment by the Board. The Company Secretaries will ensure that all appointments are proper and all necessary compliance obligations are adhered to.

Re-Appointment and Re-Election of Directors

In accordance with the Company's Constitution, at least 1/3 or the number nearest to 1/3 of the Board are subject to retirement at each AGM. The retiring director is eligible for re-election. All newly appointed directors are subject to retirement at the next AGM after his appointment and is eligible for re-election. All other directors shall retire from office at least once in every three years and is eligible for re-election. The re-election of each Director is voted on separately.

The Directors who are due for re-election or re-appointment at the AGM are assessed by the Nominating Committee and recommended to the Board for endorsement to seek Shareholders' approval for the re-election or re-appointment.

At the forthcoming AGM, the Directors who will be retiring by rotation in accordance with Articles 101 and 99 of the Company's Constitution have indicated their willingness to be re-elected as Directors. The details of the Directors retiring and standing for re-election at the forthcoming AGM can be found in the Notice of AGM in this Annual Report. The NC has on its meeting held on 9 September 2021 evaluated their performances and recommended them for re-election at the forthcoming AGM.

Mr. Chee Wai Hong who retires in accordance with Article 101(a) of the Company's Constitution, has notified the Company that he does not wish to seek for re-election and accordingly will retire at the conclusion of the 59th AGM. The Board of Directors of the Company has on 10 September 2021 announced the decision of Mr. Chee Wai Hong to retire in accordance with Article 101(a) of the Company's Constitution at the forthcoming 59th AGM.

Directors' Training

The Board will assess the training needs of the Directors and ensure the Directors have access to continuing education programmes. The Directors are encouraged to attend various professional training programmes deemed necessary from time to time to update themselves with the relevant knowledge and skills, to keep abreast with industry developments and trends and to be updated with various issues facing the changing business environment within which the Group operates in order to discharge their duties effectively.

Any Director appointed to the Board is required to complete the Mandatory Accreditation Programme ("MAP") within four months from the date of appointment if he/she has not attended the MAP prior to his/her appointment to the Board. All the Directors, including those appointed to the Board during FY2021 have attended the MAP as at todate.

Remuneration Committee

The RC is responsible for recommending to the Board the remuneration framework for Directors and Key Senior Management. The remuneration package will be structured according to the level of responsibilities, skills, experience and performance of the Directors and Key Senior Management in line with the market to ensure its attractiveness and retention of talented individuals to manage the Group successfully.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

Remuneration Committee (cont'd)

The Board has established a Remuneration Policy which facilitates the RC to review, consider and recommend to the Board for decision the remuneration packages of the Directors. The Remuneration Policy is available on the Company's website. The RC has its functions outlined in the Board Charter and its TOR. The TOR can be accessed from the Company's website at www.sib.com.my.

The members of the RC comprise exclusively of INEDs. The members and their attendance at the RC meeting are as follows:

Members	Meeting Attendance
Yang Teramat Mulia Raja Kecil Tengah Perak Raja Dato' Seri Iskandar bin Raja Ziran @ Raja Zaid - Chairman	1/1
Chee Wai Hong	1/1
Datuk Tan Hiang Joo	1/1
Fang Pern Kok# (Resigned w.e.f. 4 September 2020)	Nil

Note:

Resigned during FY2021

The RC has convened one (1) meeting during FY2021 and all members attended the meeting.

The RC reviews the performance of the Directors annually and submits its views and recommendations to the Board on adjustments in remuneration and/or rewards of the Directors based on the Directors' performance and contributions towards the Group's achievements for the year, responsibilities, overall employment market conditions and the Group's financial standing.

Directors' Remuneration

The Company's framework on Directors' remuneration has the objectives of attracting and retaining Directors needed to manage the Group successfully. In the case of Executive Directors, their remuneration is linked to their performance and contributions towards the Group's achievements for the year, their level of responsibilities, experience overall employment market conditions and the Group's financial standing.

The level of remuneration for Non-Executive Directors reflects the amount paid by other comparable organisations, adjusted for the experience and levels of responsibilities undertaken by the Non-Executive Directors concerned. The Non-Executive Directors' remuneration and benefits payable are recommended by the Board and approved by Shareholders at General Meeting. Individual Directors do not participate in the decision concerning their individual remuneration.

The details of remuneration paid to the Directors in FY2021 for the Company and the Group level are as follows:

The Board is of the view that the interest of the Shareholders will not be prejudiced from the non-disclosure of identity of the Company's Senior Management personnel who are not Directors.

The Board also believes that it would not be in the best interest of the Company to disclose the identity and detailed remuneration of the Senior Management due to the sensitive and confidential nature of employees' remuneration and concern over poaching of employees by competitors.

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

Audit Committee

The Board is assisted by the AC to oversee the Group's financial reporting, risk management and internal control system. The AC comprises exclusively of INEDs. The details of the composition and summary of activities of the AC during FY2021 are disclosed in the AC Report in this Annual Report.

Assessment of Suitability and Independence of External Auditors

The Board, through the AC, has maintained a formal and transparent relationship with the external auditors in seeking professional advice towards the compliance with accounting standards. The AC meets with the external auditors to discuss audit planning memorandum and their audit findings.

The AC has obtained annual written assurance of independence from the external auditors after audit. The external auditors have implemented a number of firm wide ethics and independence systems to maintain objectivity, to be free from conflict of interests when discharging their professional responsibilities and monitor compliance with their firm's policies in relation to independence and ethics. Moreover, the external auditors have their firm's audit engagement partner rotation policy of three (3) years.

The AC has reviewed and assessed with Management, the performance, suitability and independence of the external auditors and the level of independence of the level of non-audit services rendered by them.

Being satisfied with the external auditors' performance, technical competency and audit independence, the AC recommended to the Board for their re-appointment. The Board has approved the AC's recommendation for shareholders' approval to be sought at the forthcoming AGM on the re-appointment of the external auditors for the ensuing year.

A statement by the Directors on their responsibilities in preparing the financial statements is set out in this Annual Report.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

Relationship with Auditors

The Board has established a formal and transparent arrangement to meet the external auditors' professional requirements. The external auditors have continued to highlight to the AC and the Board matters that require the Board's attention. Private dialogue sessions between the AC and external auditors were held twice during FY2021 without the presence of the Management and Executive Directors, to discuss any issues that may require the attention of the AC. Liaison and unrestricted communication exist between the AC and the external auditors. The external auditors are invited to attend the Company's AGM.

Risk Management and Internal Control Framework

The Board recognises its overall responsibility for the Group's internal control systems and reviews the adequacy of those systems. In view of the limitations that are inherent in any systems of internal control, the said systems have been designed to manage risk within a tolerable level rather than eliminate the risk of failure to achieve business objectives. Hence, such systems by its nature can only provide reasonable and not absolute assurance against material misstatement, error or losses.

The Board has established an ongoing process for identifying, evaluating and managing the key risks faced, or potentially exposed to, by the Group in pursuing its business objectives. The adequacy and effectiveness of this process have been continually reviewed by the Board and are in accordance with the internal control guide.

The Group outsourced its internal audit function to an external professional firm to ensure that the Group's system of internal control is adequate and effective. The internal audit function adopts a risk-based approach and prepares its audit plans based on significant risks identified. The internal audit provides an assessment of the adequacy, efficiency and effectiveness of the Group's existing internal control policies and procedures and provides recommendations, if any, for the improvement of the control policies and procedures. The results of the audit reviews are presented and discussed during the AC meetings. Management is responsible for ensuring that the necessary corrective actions on reported weaknesses are taken within the required timeframe. The action plans are reviewed and followed up by the internal audit function on a periodical basis to ensure the recommendations are effectively implemented.

The Statement on Risk Management and Internal Control which provides an overview of the internal controls within the Group is set out in this Annual Report.

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

Communication with Stakeholders

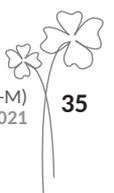

The Group recognises the importance of effectiveness and clear communication between the Shareholders, potential investor and the public. The Group adopts the practice of comprehensive, timely and continuing disclosures of information to its shareholders as well as the general investing public. The practice of disclosure of information is not established just to comply with the MMLR, but also to adopt the best practices recommended in the MCCG with regard to strengthening engagement and communication with Shareholders. Where possible, the Group would provide additional disclosures of information on a voluntary basis.

The Group believes that disclosure and regular communication is vital to Shareholders and investors in making informed investment decisions but it is nevertheless mindful of legal and regulatory framework governing the release of material and price-sensitive information. Such material and price-sensitive information are not released unless it has been duly announced or made public through proper channels.

The regularly updated information pertinent on the Group can be obtained from the Company's website. The Company's website provides an avenue for the latest information dissemination to the Shareholders and public on corporate and business aspects of the Group.

Conduct of General Meetings

The AGM and Extraordinary General Meeting ("EGM") remain the principal forum for dialogue and communication with shareholders. The shareholders are encouraged to attend each AGM and EGM. In line with good Corporate Governance practice, the notice of the 58th AGM was sent to the shareholders more than 28 days before the meeting, well in advance of the 21-days requirement under the Companies Act 2016.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

PRINCIPLE C: INTEGRITY IN CORPROATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

Conduct of General Meetings (cont'd)

The Board views the AGM and EGM as ideal opportunities to communicate with Shareholders. During the AGM and EGM, Shareholders are given the opportunity to enquire and comment on matters relating to the meeting agendas and the Group's business and performance. The Board members, Senior Management and the Group's external auditors and relevant advisers are available to respond to shareholders' queries.

In view of the COVID-19 transmission risk, the 58th AGM of the Company was convened and held via electronic means i.e. live audio-visual webcast pursuant to the Guidelines issued by the Securities Commission on the conduct of General Meetings. Arrangements and procedures relating to attendance at the 58th AGM via electronic means, submission of questions during the 58th AGM and voting by appointing proxy at the 58th AGM were set out in the notice of the 58th AGM. An Administrative Guide, which furnished useful information regarding the conduct of 58th AGM to guide the Shareholders in participating in the 58th AGM remotely was sent to the Shareholders ahead of the AGM.

The notice of the 58th AGM was also published in nationally circulated daily newspaper, Bursa Securities' website at www.bursamalaysia.com as well as the Company's website within the prescribed period. The notice of the 58th AGM provided further explanation beyond the minimum content stipulated in the MMLR for the proposed resolutions along with background information and reports or relevant recommendations to enable Shareholders to make an informed decision in exercising their voting rights.

An independent scrutineer was appointed to validate the votes casted and results of each resolution put to vote were announced at the 58th AGM. An announcement detailing the poll results, including the total number of votes casted for and against each resolution and the respective percentages were announced via Bursa LINK on the same day after the conclusion of the 58th AGM. Minutes of the 58th AGM was published on the Company's website as soon as practicable after the conclusion of the 58th AGM.

Poll Voting

In line with the MMLR, poll voting shall be conducted for all resolutions as set out in the notice of AGM in this Annual Report.

This CG Overview Statement is made in accordance with the resolution of the Board of Directors dated 4 October 2021.

AUDIT COMMITTEE REPORT

The Audit Committee (“AC”) of the Company was established to serve as a committee of the Board of Directors of the Company (“the Board”) and to assist the Board in fulfilling its statutory duties and fiduciary responsibilities.

In compliance with Paragraph 15.15 of the Main Market Listing Requirements (“MMLR”), the Board is pleased to present the AC Report for the financial year ended 30 June 2021.

During the financial year, the members of AC had discharged their duties, responsibilities and functions in accordance with the Terms of Reference (“TOR”) of the AC. The TOR is available at the Company’s website at www.sib.com.my.

COMPOSITIONS AND MEETINGS

The AC comprises three members, all of whom are Independent Non-Executive Directors, in compliance with paragraph 15.09(1) of the MMLR.

The AC comprises the following:-

Chairman

Mr. Chee Wai Hong

Independent Non-Executive Director

Members

Datuk Tan Hiang Joo

Independent Non-Executive Director

Yang Teramat Mulia Raja Kecil Tengah Perak

Raja Dato’ Seri Iskandar bin Raja Ziran @ Raja Zaid

Independent Non-Executive Director

None of the AC members are alternate Director.

The Chairman of the AC, Mr. Chee Wai Hong (“Mr. Chee”) is a member of the Malaysian Institute of Accountants and he is not the Chairman of the Board. On 10 September 2021, the Company has announced to Bursa Malaysia Securities Berhad that Mr. Chee who will be retiring at the forthcoming Annual General Meeting (“AGM”) of the Company, has notified that he does not wish to seek re-election at the AGM and accordingly, will retire at the conclusion of the AGM.

During the financial year ended 30 June 2021, there were five (5) AC meetings held and the details of the attendance of each member of the committee are tabulated below:

		Attendance at Meeting	Percentage of Attendance (%)
(i)	Chee Wai Hong	5/5	100
(ii)	Datuk Tan Hiang Joo	5/5	100
(iii)	Dato’ Seri Raja Iskandar	5/5	100

Members of the management team were also invited to attend the AC meetings to assist in clarifying matters raised at the meeting as needed.

Minutes of the AC meetings were recorded and tabled for confirmation at the next following meeting and subsequently circulated to the Board for notation. The Chairman reports to the Board the discussions undertaken and makes recommendations for the Board’s consideration and decision.

The detailed profiles of all members of the AC can be found in the Board of Directors’ profile in this Annual Report.

AUDIT COMMITTEE REPORT

SUMMARY OF ACTIVITIES OF THE AC

The AC assists the Board in fulfilling its overseeing responsibilities. The AC's overall responsibilities encompasses the processes of audit, corporate accounting, financial reporting, system of internal control, regulatory and legal compliances and risk management practices and procedures of the Group.

The activities carried out by the AC for the financial year ended 30 June 2021 in line with its TOR were summarised as follows:-

Financial Reporting

Reviewed the Group's quarterly results and annual audited financial statements of the Group and its related notes to financial statements for the financial year ended 30 June 2021 and ensured that the financial reporting and disclosure requirements had been complied with prior to recommending them to the Board for consideration, approval and public release focusing particularly on:

- changes in or implementation of major accounting principles and policies;
- significant matters highlighted including financial reporting issues, significant judgements made by management, significant and unusual events or transactions, and how these matters are addressed;
- compliance with accounting standards and other legal and regulatory requirements; and
- the going concern assumptions.

Internal Audit

- reviewed and approved internal audit plan for the financial year 2021 including its scope, basis of assessments and risks ratings of the proposed areas of audit to assess the adequacy and effectiveness of internal control;
- reviewed the internal audit reports and audit recommendations made by the internal auditors and management's responses thereto. The internal auditors monitored the implementation of management action plan through follow-up audit to ensure all key risks and weaknesses were being addressed; and
- carried out an annual review of performance of the Internal Audit Function including assessment of their suitability and independence in performing their obligations by completing a formal evaluation form.

External Audit

- reviewed and discussed with external auditors significant accounting and auditing issues and the resultant audited financial statements arising from the audit.
- met with the external auditors without the presence of management and executive Board members on 26 August 2020 and 24 May 2021, to deliberate on key areas of concern to the external auditors and action necessary for the improvement of the Group arising from the audit review. The issues discussed were then highlighted by the AC Chairman to the Board;
- reviewed and endorsed the audit planning memorandum presented by the external auditors at the meeting held on 24 May 2021 on the scope of work and audit plan of the Group for the financial year ended 30 June 2021, proposed audit reporting schedule and new development on financial reporting standards applicable to the Group;
- Considered the audit fees paid to the external auditors for the financial year ended 30 June 2021. The details of the audit and non-audit services rendered by the external auditors and their affiliates for financial year ended 30 June 2021 are disclosed in Additional Compliance Information of this Annual Report.
- reviewed the extent of assistance rendered by management in the course of audit; and
- reviewed the performance and effectiveness of the external auditor including assessment of their suitability and independence in performing their obligations and made recommendation to the Board for their re-appointment. The external auditors also have not identified any breach of independence during the financial year ended 30 June 2021 and were in compliance with the independence requirements set out in the By-laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants and the International Ethics Standards for Accountants' Code of Ethics for Professional Accountants. The lead audit engagement partner responsible for the Company's financial statement is rotated every 3 years.

AUDIT COMMITTEE REPORT

SUMMARY OF ACTIVITIES OF THE AC (CONT'D)

Compliance and Corporate Governance

- reviewed and recommended the Statement on Risk Management and Internal Control and recommended to the Board for approval and inclusion in the Annual Report;
- presented the Audit Committee Report to the Board for approval and inclusion in the Annual Report;
- discussed and recommended the Anti Bribery and Corruption Management System Risk Assessment and Gap Analysis Report to the Board for adoption and approval;
- discussed and recommended to the Board a related party transaction for approval; and
- discussed and considered Directors' and Officers' Liability Insurance for the Directors and Officers of the Group.

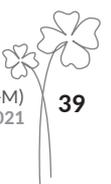

PERFORMANCE OF AC

The performance and activities of the AC and its members were reviewed on annual basis and the assessment results would be tabled to the Nominating Committee for review. During the financial year ended 30 June 2021, the Board is satisfied that the AC had discharged its responsibilities and duties in accordance with its TOR.

INTERNAL AUDIT FUNCTION

The Company outsourced the internal audit function to a professional services firm, which has adequate resources and appropriate standing to undertake the audit work independently and objectively to assist the Board in obtaining the assurance concerning adequacy and effectiveness of the system of internal control, risk management and governance framework of the Group. The internal auditor undertakes internal audit function based on the audit plan approved by the AC. The internal auditor reports directly to the AC and the cost incurred for the internal audit function for the financial year was RM24,000.

During the financial year, to ensure the compliance with established policies, procedures and statutory requirements, the internal auditors have reviewed and assessed on half yearly basis, the adequacy, integrity and effectiveness of the system of internal control of the Group, reported the findings of assessment and recommended improvements where necessary and performed follow-up audit on implementation of audit recommendations agreed by the management.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTRODUCTION

The Malaysian Code on Corporate Governance requires listed companies to maintain a sound system of internal controls and risk management to safeguard shareholders' investment and the Group's assets.

Guided by the Statement on Risk Management and Internal Control: Guidance for Directors of Public Listed Companies, the Board of Directors of Seal Incorporated Berhad is pleased to present the Statement on Risk Management and Internal Control ("the Statement") which is prepared in accordance with Paragraph 15.26(b) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

RESPONSIBILITY FOR RISK MANAGEMENT AND INTERNAL CONTROL

The Board recognises its overall responsibility for the Group's systems of internal control and for reviewing the adequacy and integrity of those systems. In view of the limitations that are inherent in any systems of internal control, the systems of internal control are designed to manage risk within tolerable levels rather than eliminate the risk of failure to achieve business objectives. Hence, such system by its nature can only provide reasonable and not absolute assurance against material misstatement, error or losses.

The Board has established an ongoing process for identifying, evaluating and managing the significant risks faced, or potentially exposed to, by the Group in pursuing its business objectives. This process has been in place throughout the financial year and up to the date of approval of this Statement for inclusion in the Annual Report. The adequacy and effectiveness of this process have been continually reviewed by the Board and are in accordance with the Internal Control Guidance.

RISK MANAGEMENT

The Board and the management practice proactive significant risks identification in the processes and activities of the Group, particularly in major proposed transactions, changes in nature of activities and/or operating environment, or venturing into new operating environment which may entail different risks, and assess the appropriate risk response strategies and controls.

INTERNAL AUDIT

The Board acknowledges the importance of internal audit function and has outsourced its internal audit function to an independent professional services firm, BDO Governance Advisory Sdn Bhd as part of its efforts to provide adequate and effective internal control systems. The performance of internal audit function is carried out as per the annual audit plan approved by the Audit Committee.

The internal audit adopts a risk-based approach in developing its audit plan which addresses all the core auditable areas of the Group based on their risk profile. The audit focuses on high risk areas to ensure that an adequate action plan is in place to address the risks and concerns identified. On a quarterly basis or earlier as appropriate, the internal auditors report to the Audit Committee on areas for improvement.

On a half-year basis, the internal auditors report to the Audit Committee on internal audit findings and recommend remedial action plans for possible improvement for the audited areas. The highlighted internal audit findings are followed-up by the internal auditors as well to ensure the control weaknesses, if any, are properly identified and addressed by the management.

A total of 2 internal control reviews were conducted by BDO Governance Advisory Sdn. Bhd. for the financial year ended 30 June 2021. The details of the said reviews can be delineated as follows:-

Internal Audit Visits	Audit Period	Audited Areas
First visit in April 2021	October 2020 - March 2021	▪ Review of Finalisation of Accounts

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTERNAL CONTROL

Apart from risk management and internal audit, the Group has put in place the following key elements of internal control:

- An organization structure with well-defined scopes of responsibility, clear lines of accountability, and appropriate levels of delegated authority;
- A process of hierarchical reporting which provides a documented and auditable trail of accountability;
- A set of documented internal policies and procedures which is subject to regular review and improvement;
- Regular and comprehensive information provided to management, covering financial and operational performance and key business indicators, for effective monitoring and decision making;
- Monthly monitoring of results against budget, with major variances being followed up and management action taken, where necessary; and
- Regular visits to operating units by members of the Board and senior management.

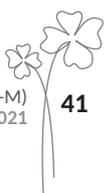

REVIEW OF THIS STATEMENT BY EXTERNAL AUDITORS

As required by Paragraph 15.23 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, the external auditors have reviewed this Statement for inclusion in this Annual Report. This Statement is reviewed in accordance with Audit and Assurance Practice Guide 3: Guidance for Auditors on Engagement to Report on the Statement on Risk Management and Internal Control included in the Annual Report. The external auditors have reported to the Board that nothing has come to their attention that causes them to believe that the Statement is inconsistent with their understanding of the process adopted by the Board in reviewing the adequacy and integrity of the system of risk management and internal control.

CONCLUSION

The Board has received assurance from Executive Directors that the Group's risk management and internal control systems have been operating adequately and effectively, in all material aspects, during the financial year under review and up to date of this Statement. Taking this assurance into consideration, the Board is of the view that there were no significant weaknesses in the current system of internal control of the Group that may have material impact on the operations of the Group for the financial year ended 30 June 2021. The Board and the management will continue to take necessary measures and ongoing commitment to strengthen and improve its internal control environment and risk management.

This Statement is issued in accordance with the resolution of the Board of Directors dated 4 October 2021.

STATEMENT ON DIRECTORS' RESPONSIBILITIES IN RELATION TO THE FINANCIAL STATEMENTS

The Directors are required by the Companies Act 2016 ("CA 2016") to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Group and of the Company as at the end of the financial year and of their results and cash flows for the financial year then ended.

In preparing the financial statements, the Directors have:

- adopted appropriate accounting policies and applied them consistently;
- made judgments and estimates that are prudent and reasonable;
- ensured applicable accounting standards have been followed; and
- prepared the financial statements on a going concern basis.

The Directors are responsible for ensuring that proper accounting records are kept which disclose with reasonable accuracy at any time the financial position of the Group and of the Company and to ensure that the financial statements comply with the provisions of the CA 2016 and the applicable approved accounting standards in Malaysia.

The Directors are also responsible for taking reasonable steps to safeguard the assets of the Group and of the Company for the prevention and detection of fraud and other irregularities.

There was no indemnity coverage to or insurance premium paid for any of the directors, officers or auditors of the Group and of the Company during the financial year.

OTHER STATUTORY INFORMATION

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps:

- (i) to ascertain that action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and satisfied themselves that there were no bad debts to be written off and no provision for doubtful debts was required; and
- (ii) to ensure that any current assets which were unlikely to realise their value as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances:

- (i) that would render it necessary to write off any bad debts or to make any provision for doubtful debts in the financial statements of the Group and of the Company, or
- (ii) that would render the value attributed to the current assets in the financial statements of the Group and of the Company misleading, or
- (iii) that would render any amount stated in the financial statements of the Group and of the Company misleading, or
- (iv) that have arisen which would render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SEAL INCORPORATED BERHAD (Incorporated in Malaysia)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Seal Incorporated Berhad**, which comprise the statements of financial position as at **30 June 2021** of the Group and of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of accounting policies, as set out on pages 52 to 118.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at **30 June 2021** and of their financial performance and cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants* (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

There is no key audit matter to be communicated in the audit of the separate financial statements of the Company.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SEAL INCORPORATED BERHAD (Incorporated in Malaysia)

Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of the financial statements of the Group and of the Company so as to give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements of the Group and of the Company.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SEAL INCORPORATED BERHAD (Incorporated in Malaysia)

Auditors' Responsibilities for the Audit of the Financial Statements (cont'd)

- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

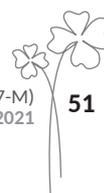

- (i) This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.
- (ii) The financial statements for the preceding year ended 30 June 2020 were audited by **Grant Thornton** whose report dated 12 October 2020, expressed an unqualified opinion on those financial statements. The practice of **Grant Thornton** has merged with **Grant Thornton Malaysia PLT** effective from 1 January 2021.

NOTES TO THE FINANCIAL STATEMENTS

30 JUNE 2021

1. CORPORATE INFORMATION

General

The Company is a public limited liability company, incorporated and domiciled in Malaysia and is listed on the Main Market of Bursa Malaysia Securities Berhad.

The registered office of the Company is located at Suite A, Level 9, Wawasan Open University, 54, Jalan Sultan Ahmad Shah, 10050 Georgetown, Penang.

The principal place of business of the Company is located at Level 3A, ELIT Avenue Business Park, 1-3A-18 Jalan Mayang Pasir 3, 11950 Bayan Baru, Penang.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors on 5 October 2021.

Principal Activities

The principal activities of the Company consist of property investment, building contractor, project manager for property development and extraction and sale of timber.

The principal activities of the subsidiaries are disclosed in Note 6 to the financial statements.

There have been no significant changes in the nature of these activities during the financial year.

2. BASIS OF PREPARATION

2.1 Statement of Compliance

The financial statements of the Company have been prepared in accordance with applicable Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS") and the requirements of the Companies Act 2016 in Malaysia.

2.2 Basis of Measurement

The financial statements of the Group and of the Company are prepared under the historical cost convention unless otherwise indicated in the summary of accounting policies as set out in Note 3.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible to by the Group and the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group and the Company use valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

30 JUNE 2021

2. BASIS OF PREPARATION (CONT'D)

2.2 Basis of Measurement (cont'd)

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to their fair value measurement as a whole:

Level 1 : Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 : Valuation techniques for which the lowest level input that is significant to their fair value measurement is directly or indirectly observable.

Level 3 : Valuation techniques for which the lowest level input that is significant to their fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group and the Company determine whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to their fair value measurement as a whole) at the end of each reporting year.

For the purpose of fair value disclosures, the Group and the Company have determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of fair value hierarchy as explained above.

2.3 Functional and Presentation Currency

The financial statements are presented in Ringgit Malaysia ("RM") which is also the Company's functional currency.

2.4 Adoption of Amendments to MFRSs

The accounting policies adopted by the Group and by the Company are consistent with those of the previous financial years except for the adoption of the following amendments to MFRSs that are mandatory for the current financial year:

Effective for annual periods beginning on or after 1 January 2020

Amendments to References to the Conceptual Framework in MFRS Standards

Amendments to MFRS 3 Business Combinations: Definition of a Business

Amendments to MFRS 101 Presentation of Financial Statements and MFRS 108 Accounting Policies, Changes in Accounting Estimates and Errors: Definition of Material

Amendments to MFRS 9 Financial Instruments, MFRS 139 Financial Instruments: Recognition and Measurement and MFRS 7 Financial Instruments: Disclosures: Interest Rate Benchmark Reform

Initial application for the above amendments to MFRSs did not have any material impact to the financial statements of the Group and of the Company.

The Group has early adopted the *Amendment to MFRS 16 Leases: Covid-19 - Related Rent Concessions* which is effective for annual period beginning on or after 1 June 2020 in the prior financial year.

2.5 Standards Issued But Not Yet Effective

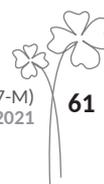

The Group and the Company have not applied the following standards that have been issued by the Malaysian Accounting Standards Board ("MASB") but are not yet effective for the Group and the Company:

Effective for annual periods beginning on or after 1 January 2021

Amendments to MFRS 9 Financial Instruments, MFRS 139 Financial Instruments: Recognition and Measurement, MFRS 7 Financial Instruments: Disclosures, MFRS 4 Insurance Contracts and MFRS 16 Leases: Interest Rate Benchmark Reform - Phase 2

Effective date yet to be confirmed

Amendments to MFRS 10 Consolidated Financial Statements and MFRS 128 Investments in Associates and Joint Ventures - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The initial application of the above standards is not expected to have any material impacts to the financial statements of the Group and of the Company upon adoption.

2.6 Significant Accounting Estimates and Judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

2.6.1 Judgements made in applying accounting policies

In the process of applying the Group's and the Company's accounting policies, management has made the following judgement, apart from those involving estimations, which has the most significant effect on the amounts recognised in the financial statements:

Non-current asset held for sale

On 10 May 2021 (2020: 16 June 2020), the Company has entered into a Sale and Purchase Agreement to dispose of one of its investment properties, commercial shop lot for a cash consideration of **RM110,000** (2020: RM705,000). Therefore, the investment property has been classified as non-current asset held for sale. The investment property is considered to meet the criteria as held for sale at that date for the following reasons:

- The carrying amount of the commercial shop lot will be recovered principally through sale transaction rather than through continuing use;
- Sale and Purchase Agreement has been signed and the management is committed to sell the commercial shop lot in its current condition; and
- The sale expected to be completed within one year from the date of the financial year ended.

NOTES TO THE FINANCIAL STATEMENTS

2. BASIS OF PREPARATION (CONT'D)

2.6 Significant Accounting Estimates and Judgements (cont'd)

2.6.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(i) Provision for expected credit loss ("ECL") of receivables

The Group uses a provision matrix to calculate ECL for receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions are expected to deteriorate over the next year which can lead to an increased number of defaults in the construction sector, the historical default rates are adjusted. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and expected credit losses is a significant estimate. The amount of expected credit losses is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

The information about the ECL on the Group's trade receivables is disclosed in Note 33.3.1 to the financial statements.

(ii) Construction contract revenue

As revenue from ongoing construction contracts are recognised over time, the amount of revenue recognised at the reporting date depends on the extent to which the performance obligation has been satisfied. This is done by determining the stage of completion. The stage of completion is determined by the proportion of the contract work completed on the contracts performed to date bear to the estimated total costs on the contracts.

Significant judgement is required in determining the stage of completion, the extent of the contract work completed on the contracts incurred, the estimated total revenue and total costs and the recoverability of the contract cost. In making these judgements, management relies on past experience and, if necessary, the work of specialists.

(iii) Inventories

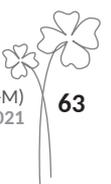

Inventory property is stated at the lower of cost and net realisable value ("NRV").

NRV for completed inventory properties is assessed by reference to market conditions and prices existing as at the end of the reporting period and is determined by the Group, based on comparable transactions identified by the Group for properties in the same geographical market serving the same real estate segment.

NRV in respect of land held for property development is assessed with reference to market prices as at the end of the reporting period for similar land, less estimated costs necessary to make the sale or where applicable, engaged independent valuers to estimate the fair value of these land.

NRV in respect of property development costs is assessed with reference to market prices as at the end of the reporting period for similar completed property, less estimated costs to complete the development and the estimated costs necessary to make the sale, taking into account the time value of money, if material.

The carrying amount of the Group's and the Company's inventory properties as at the end of the reporting period is disclosed in Note 8 to the financial statements.

2. BASIS OF PREPARATION (CONT'D)

2.6 Significant Accounting Estimates and Judgements (cont'd)

2.6.2 Key sources of estimation uncertainty (cont'd)

(iv) Fair value of investment properties

The Group and the Company measure their investment properties at fair value amount with changes in fair value being recognised in profit or loss. The Group and the Company engaged independent external valuers to determine fair values as at the end of reporting period.

The carrying amount of the investment properties as at the end of reporting period and the relevant fair value is disclosed in Notes 5 to the financial statements.

(v) Impairment in investment in subsidiaries

Investment in subsidiaries is tested for impairment whenever there is objective evidence or indication that these assets may be impaired. Judgment is required to determine if any such indication exists, based on the evaluation of both internal and external sources of information. If any such indication exists, management assesses the recoverable amount of the investment in subsidiaries based on the fair value less cost to sell which approximates the extent of the net assets held by the subsidiaries at the end of the reporting period. If the recoverable amount of the investment in subsidiaries is less than its carrying amount, an impairment loss is recognised in profit or loss to reduce the carrying amount of the investment in subsidiaries. An impairment loss of **RM30,164** (2020: RM156,996) was recognised in profit or loss to write down a subsidiary to its recoverable amount.

An assessment is also made at each end of the reporting period as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. A reversal of impairment loss in relation to certain subsidiaries which amounted to **RM659,862** (2020: RM1,743,489) was recognised in profit or loss.

3. ACCOUNTING POLICIES

The following accounting policies adopted by the Group and by the Company are consistent with those adopted in the previous financial years unless otherwise indicated below.

3.1 Consolidation

(i) Subsidiaries

Subsidiaries are entities, including structured entities, controlled by the Company. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group also considers it has *de facto* power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Investment in subsidiaries is measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution.

Upon disposal of investment in subsidiaries, the difference between the net disposal proceeds and their carrying amount is included in profit or loss.

3. ACCOUNTING POLICIES (CONT'D)

3.1 Consolidation (cont'd)

(ii) Basis of consolidation

The Group financial statements consolidate the audited financial statements of the Company and all of its subsidiaries, which have been prepared in accordance with the Group's accounting policies. Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group. The financial statements of the Company and its subsidiaries are all drawn up to the same reporting date.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in asset, such as inventory and property, plant and equipment) are eliminated in full in preparing the consolidated financial statements. Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Temporary differences arising from the elimination of profits and losses resulting from intragroup transactions will be treated in accordance to Note 3.14 to the financial statements.

Subsidiaries are consolidated from the date on which control is transferred to the Group and are no longer consolidated from the date that control ceases.

Changes in the Company owners' ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the parent.

(iii) Business combination

Business combinations are accounted for using the acquisition method from the acquisition date, which is the date on which control is transferred to the Group.

For new acquisitions, the Group measures the cost of goodwill at the acquisition date as:

- the fair value of the consideration transferred, plus
- the recognised amount of any non-controlling interest in the acquiree, plus
- if the business combination is achieved in stages, the fair value of the existing equity interest in the acquiree, less
- the net recognised amount at fair value of the identifiable assets acquired and liabilities assumed.

When the excess is negative, a bargain purchase gain is recognised in profit or loss.

For each business combination, the Group elects whether to recognise non-controlling interest in the acquiree at fair value, or at the proportionate share of the acquiree's identifiable net assets at the acquisition date.

Transaction costs, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

(iv) Acquisitions of non-controlling interests

The Group treats all changes in its ownership interest in a subsidiary that do not result in a loss of control as equity transactions between the Group and its non-controlling interest holders. Any difference between the Group's share of net assets before and after the change, and any consideration received or paid, is adjusted to or against Group reserve.

NOTES TO THE FINANCIAL STATEMENTS

30 JUNE 2021

3. ACCOUNTING POLICIES (CONT'D)

3.1 Consolidation (cont'd)

(v) Loss of control

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently it is accounted for as an equity accounted investee or as an fair value through comprehensive income depending on the level of influence retained.

(vi) Non-controlling interests

Non-controlling interests at the end of the reporting period, being the equity in a subsidiary not attributable directly or indirectly to the equity holders of the Company, are presented in the statements of financial position and statements of changes in equity within equity, separately from equity attributable to the owners of the Company. Non-controlling interests in the results of the Group is presented in the statements of comprehensive income as an allocation of the profit or loss and the comprehensive income for the year between non-controlling interests and owners of the Company.

Losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance.

(vii) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

Unrealised profits arising on transactions between the Group and its associate which are included in the carrying amount of the related assets and liabilities are eliminated to the extent of the Group's interest in the associate. Unrealised losses on such transactions are also eliminated unless cost cannot be recovered.

3.2 Property, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Group and the Company and the cost of the item can be measured reliably.

Property, plant and equipment are depreciated on the straight-line method to write off the cost of each asset to its residual value over its estimated useful life at the following annual rates:

Leasehold shophot	Amortise over the lease period of 59 years
Plant and machinery	10% - 20%
Office equipment, furniture and fittings	10% - 20%
Motor vehicles	10% - 20%

The residual value, useful life and depreciation method are reviewed at the end of each reporting period to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

Property, plant and equipment are derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the disposed assets and are recognised in profit or loss in the financial year in which the assets are derecognised.

3. ACCOUNTING POLICIES (CONT'D)

3.3 Investment Properties

Investment properties are properties which are held either to earn rental income or for capital appreciation or for both. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value. Gains or losses arising from changes in the fair values of investment properties are recognised in profit or loss in the year in which they arise, including the corresponding tax effect.

Investment property under construction is stated at cost until the construction is complete or when its fair value becomes reliably determinable. Any gains or losses arising from the difference between the fair value of the investment property and its previous carrying amount is to be recognised in profit or loss.

A property interest under an operating lease is classified and accounted for as an investment property on a property-by-property basis when the Group and the Company hold it to earn rentals or for capital appreciation or both. Any such property interest under an operating lease classified as an investment property is carried at fair value.

Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in profit or loss in the year in which they arise.

3.4 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. It is a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

3.4.1 Group as lessee

Short term leases and leases of low-value assets

The Group applies the short-term lease and leases of low-value assets recognition exemption to its leases of machinery and office equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option or the leased assets considered to be of low value). Lease payments on short term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

3.4.2 Group as lessor

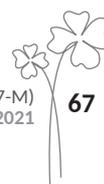

Leases in which the Group and the Company do not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue and other income in the statements of comprehensive income. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as other operating income in the period in which they are earned.

3.5 Inventories

Inventories comprise land held for development, property development costs, and completed development properties held for sale.

Inventories are valued at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less any estimated costs necessary to make the sale.

NOTES TO THE FINANCIAL STATEMENTS

3. ACCOUNTING POLICIES (CONT'D)

3.5 Inventories (cont'd)

3.5.1 Land held for development

Land held for development consists of land where no significant development activities have been carried out or where development activities are not expected to be completed within the normal operating cycle.

Such land is classified within non-current assets and is stated at cost less any accumulated impairment losses.

Land held for development is reclassified as property development costs at the point when development activities have commenced and where it can be demonstrated that the development activities can be completed within the normal operating cycle.

3.5.2 Property development costs

Property development costs comprise the cost of land, related development costs common to the project and direct building costs less cumulative amounts recognised as expense in the profit or loss. The inventory properties cost is subsequently recognised as an expense in profit or loss as and when the control of the inventory is transferred to the customer.

Property development cost of unsold unit is transferred to completed development unit once the development is completed.

3.5.3 Completed development properties

Completed development units represent completed commercial properties. Cost is determined on the specific identification basis and includes costs of acquisition of land, related development costs to the project and direct building costs.

3.6 Timber Concession

Timber concession is the cost of timber logs to be extracted and/or rights conferred for timber extraction and are stated at cost. Timber concession cost is charged to profit or loss based on the percentage of the volume of timber extracted compared to the total estimated volume of timber available for extraction.

3.7 Impairment of Non-Financial Assets

The carrying amounts of non-financial assets (except for inventories) are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated to determine the amount of impairment loss.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash-generating units ("CGU").

The recoverable amount of an asset of CGU is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised in profit or loss if the carrying amount of an asset or its related CGU exceeds its estimated recoverable amount.

Impairment losses recognised in prior periods are assessed at the end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss in the financial year in which the reversals are recognised.

3. ACCOUNTING POLICIES (CONT'D)

3.8 Financial Instruments

3.8.1 Financial assets

(i) Initial recognition and measurement

Financial assets are measured at initial recognition at fair value and subsequently measured at amortised cost ("AC"), fair value through other comprehensive income ("FVOCI"), and fair value through profit or loss ("FVTPL").

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group and the Company have applied the practical expedient, the Group and the Company initially measure a financial asset at its fair value plus, in the case of a financial asset not at FVTPL, at its transaction costs.

In order for a financial asset to be classified and measured at AC or FVOCI, it needs to give rise to cash flows that are 'solely payments of principal and interest ("SPPI")' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. Financial assets with cash flows that are not SPPI are classified and measured at FVTPL, irrespective of the business model.

The Group's and the Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at AC are held within a business model with the objective to hold financial assets in order to collect contractual cash flows while financial assets classified and measured at FVOCI are held within a business model with the objective of both holding to collect contractual cash flows and selling.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group or the Company commits to purchase or sell the asset.

(ii) Subsequent measurement

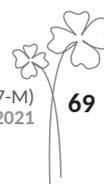

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through other comprehensive income with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through other comprehensive income with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

The Group and the Company do not have any financial assets at FVOCI as at the end of the reporting period.

Financial assets at amortised cost ("AC")

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired. The Group's and the Company's financial assets at amortised cost includes trade and other receivables, amount due from subsidiaries, deposits with licensed banks and cash and bank balances.

3. ACCOUNTING POLICIES (CONT'D)

3.8 Financial Instruments (cont'd)

3.8.1 Financial assets (cont'd)

(ii) Subsequent measurement (cont'd)

Financial assets at fair value through profit or loss ("FVTPL")

Financial assets at FVTPL are carried in the statements of financial position at fair value with net changes in fair value recognised in statements of comprehensive income.

This category includes derivative instruments and listed equity investments which the Group had not irrevocably elected to classify at FVOCI. Dividends on listed equity investments are recognised as other income in the statements of comprehensive income when the right of payment has been established.

The Group's financial assets at FVTPL includes investments in quoted unit trusts included under other investments.

(iii) Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's and the Company's statements of financial position) when:

- the rights to receive cash flows from the asset have expired, or
- the Group and the Company have transferred their rights to receive cash flows from the asset or have assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group and the Company have transferred substantially all the risks and rewards of the asset, or (b) the Group and the Company have neither transferred nor retained substantially all the risks and rewards of the asset, but have transferred control of the asset.

When the Group and the Company have transferred their rights to receive cash flows from an asset or have entered into a pass-through arrangement, it evaluates if, and to what extent, they have retained the risks and rewards of ownership. When they have neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group and the Company continue to recognise the transferred asset to the extent of their continuing involvement. In that case, the Group and the Company also recognise an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group and the Company have retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group and the Company could be required to repay.

(iv) Impairment

The Group and the Company recognise allowance for expected credit losses ("ECLs") on financial assets measured at amortised cost, debt investments measured at fair value through other comprehensive income, contract assets, and lease receivables. ECLs are a probability-weighted estimate of credit losses.

The Group and the Company measure loss allowances at an amount equal to lifetime expected credit loss, except for debt securities that are determined to have low credit risk at the reporting date, cash and bank balance and other debt securities for which credit risk has not increased significantly since initial recognition, which are measured at 12-month expected credit loss. Loss allowances for trade and other receivables, contract assets and lease receivables are always measured at an amount equal to lifetime expected credit loss.

3. ACCOUNTING POLICIES (CONT'D)

3.8 Financial Instruments (cont'd)

3.8.1 Financial assets (cont'd)

(iv) Impairment (cont'd)

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit loss, the Group and the Company consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group and the Company's historical experience and informed credit assessment and including forward-looking information, where available.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of the asset, while 12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within the 12 months after the reporting date. The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group and the Company are exposed to credit risk.

The Group estimates the expected credit losses on trade receivables using a provision matrix with reference to historical credit loss experience.

An impairment loss in respect of financial assets measured at amortised cost is recognised in profit or loss and the carrying amount of the asset is reduced through the use of an allowance account.

At each reporting date, the Group and the Company assess whether the financial assets carried at amortised cost and debt securities at fair value through other comprehensive income are credit-impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The gross carrying amount of a financial asset is written off (either partially or fully) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group and the Company determine that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts owing. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group and the Company's procedures for recovery amounts due.

3.8.2 Financial liabilities

(i) Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

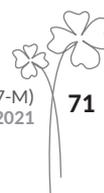

The Group's and the Company's financial liabilities include trade and other payables, amount due to subsidiaries and borrowings.

(ii) Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost

The Group and the Company do not have any financial liabilities at fair value through profit or loss as at the end of the reporting period.

NOTES TO THE FINANCIAL STATEMENTS

30 JUNE 2021

3. ACCOUNTING POLICIES (CONT'D)

3.8 Financial Instruments (cont'd)

3.8.2 Financial liabilities (cont'd)

(ii) Subsequent measurement (cont'd)

Financial liabilities at amortised cost

After initial recognition, trade and other payables, amount due to subsidiaries and interest-bearing borrowings are subsequently measured at amortised cost using the effective interest ("EIR") method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statements of comprehensive income.

(iii) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statements of comprehensive income.

3.8.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statements of financial position if, and only if, there is currently a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.8.4 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss if incurs because a specified debtor fails to make payment when due.

Financial guarantee contracts are recognised initially as a liability at fair value, net of transaction costs. Subsequent to initial recognition, financial guarantee contracts are recognised as income in statements of comprehensive income over the period of the guarantee. If the debtor fails to make payment relating to financial guarantee contract when it is due and the Company, as the issuer, is required to reimburse the holder for the associated loss, the liability is measured at the higher of the best estimate of the expenditure required to settle the present obligation at the reporting date and the amount initially recognised less cumulative amortisation.

3.9 Cash and Cash Equivalents

Cash comprises cash in hand, cash at bank and demand deposits. Cash equivalents are short term and highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value, against which bank overdraft balances, if any, are deducted and net of fixed deposit pledged.

3.10 Provisions

Provisions are recognised when the Group and the Company have a present legal or constructive obligation as a result of past events, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount can be made.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as finance cost expense.

3. ACCOUNTING POLICIES (CONT'D)

3.11 Revenue From Contracts with Customers

Revenue from contracts with customers is recognised when control of the goods or services is transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods or services before transferring them to the customer.

The performance obligations to recognise revenue are as follows:

(i) Construction contract revenue

The Group had acted as a turnkey contractor under long-term contracts with customers. Such contracts are entered into before the turnkey development project begins. Under the terms of the contracts, the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced. Revenue from turnkey agreement is therefore recognised over time on a cost-to-cost method, i.e. based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs. The directors consider that this input method is an appropriate measure of the progress towards complete satisfaction of these performance obligations under MFRS 15.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

(ii) Sales of completed unit

The Group recognises sales at a point in time for the sale of completed properties, when the control of the properties has been transferred to the purchasers, being when the properties have been completed and delivered to the customers and it is probable that the Group will collect the considerations to which it will be entitled to in exchange for the assets sold.

(iii) Sale of timber

Revenue from sale of timber is recognised at a point in time when control of the goods is transferred to the customer, generally on the delivery of the goods.

(iv) Provision of services

Revenue arising from provision of marketing services is recognised at a point in time upon the services rendered and completed. Revenue arising from property management services is recognised over the time as the customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs.

(v) Rental income

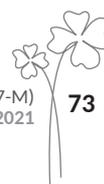

Rental income is accounted for on a straight-line basis over the lease terms. Lease incentives granted are recognised as an integral part of the total rental income, over the term of the lease.

(vi) Interest income

Interest income is recognised as it accrues using the effective interest rate method in profit or loss.

(vii) Dividend income

Dividend income is recognised when the Group's and the Company's right to receive payment is established.

NOTES TO THE FINANCIAL STATEMENTS

30 JUNE 2021

3. ACCOUNTING POLICIES (CONT'D)

3.11 Revenue From Contracts with Customers (cont'd)

3.11.1 Contract balances

This refers to the closing balances of the trade receivables and contract assets as at the end of the reporting period.

Trade receivables

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e. only the passage of time is required before payment of the consideration is due).

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. In the case of construction contracts, a contract asset is the excess of cumulative revenue earned over the billings to-date.

3.11.2 Contract cost

Costs to fulfil a contract

The Group recognises a contract cost that relates directly to a contract or to an anticipated contract as an asset when the cost generates or enhances resources of the Group, will be used in satisfying performance obligations in the future and it is expected to be recovered.

These contracts costs are initially measured at cost and amortised on a systematic basis that is consistent with the pattern of revenue recognition to which the assets relate. An impairment loss is recognised in the profit or loss when the carrying amount of the contract cost exceeds the expected revenue less expected cost that will be incurred. Where the impairment condition no longer exists or has improved, the impairment loss is reversed to the extent that the carrying amount of the contracts cost does not exceed the amount that would have been recognised had there been no impairment loss recognised previously.

3.12 Employee Benefits

Short term benefits

Wages, salaries, bonuses and social security contributions are recognised as expenses in the year in which the associated services are rendered by employees of the Group and of the Company. Short term accumulating compensated absences such as paid annual leave is recognised when services are rendered by employees that increase their entitlement to future compensated absences, and short term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

Defined contribution plans

As required by law, companies in Malaysia make contributions to the national pension scheme, the Employees Provident Fund ("EPF"). Such contributions are recognised as expenses as and when incurred.

Termination benefit

Termination benefits are payable when employment is terminated before the normal retirement date or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits when it is demonstrably committed to either terminate the employment of current employees according to a detailed plan without possibility of withdrawal; or providing termination benefits as a result of an offer made to encourage voluntary redundancy. In the case of an offer made to encourage voluntary redundancy, the measurement of termination benefits is based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after end of the reporting period are discounted to present value.

3. ACCOUNTING POLICIES (CONT'D)

3.13 Borrowing Costs

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest rate method.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and undertakes activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or completed.

3.14 Income Tax

Income tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to a business combination or items recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities in the statements of financial position and their tax bases. Deferred tax is not recognised for the following temporary differences: the initial recognition of goodwill, the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

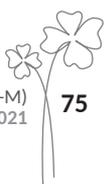

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at the end of each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

3.15 Sales and Service Tax ("SST")

Revenue, expenses and assets are recognised net of SST except:

- when the SST incurred in a purchase of asset or service is not recoverable from the authority, in which case the SST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with SST inclusive.

The net SST payable to the taxation authority is included as part of payables in the statements of financial position.

3. ACCOUNTING POLICIES (CONT'D)

3.16 Segment Reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenue and incur expenses, including revenue and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker, who in this case are the Executive Directors of the Group, to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

3.17 Contingencies

Where it is not probable that an inflow or an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the asset or the obligation is not recognised in the statements of financial position and is disclosed as a contingent asset or contingent liability, unless the probability of inflow or outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent assets or contingent liabilities unless the probability of inflow or outflow of economic benefits is remote.

3.18 Non-current Asset Held for Sale

Non-current assets that are expected to be recovered primarily through sale rather than through continuing use, are classified as held for sale.

Classification of the asset as held for sale occurs only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary and the sale must be highly probable. Management must be committed to a plan to sell the assets which are expected to qualify for recognition as a completed sale within one year from the date of classification. Action required to complete the plan should indicate that it is unlikely that significant changes to the plan will be made or the plan will be withdrawn.

Immediately before classification as held for sale, the assets are remeasured in accordance with the Company's accounting policies. Thereafter generally the assets are measured at the lower of their carrying amount and fair value less costs to sell.

3.19 Share Capital, Share Issuance Costs and Dividends

Classification

Ordinary shares are classified as equity. Other shares are classified as equity and/or liability according to the economic substance of the particular instrument.

Share issuance costs

Incremental external costs directly attributable to the issuance of new shares are deducted against equity.

Dividends

Dividends on ordinary shares are accounted for in shareholder's equity as an appropriation of retained profits and recognised as a liability in the period in which they are declared or approved.

3.20 Treasury Shares

When shares of the Company, that have not been cancelled, recognised as equity are reacquired, the amount of consideration paid is recognised directly in equity. Reacquired shares are classified as treasury shares and presented as a deduction from total equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of treasury shares. When treasury shares are reissued by resale, the difference between the sales consideration net of directly attributable costs and the carrying amount of the treasury shares is recognised in equity.

	(4,061,592)	(3,756,458)	(672,164)	(1,422,655)

During the financial year, three subsidiaries were subjected to an Inland Revenue Board ("IRB") tax investigation covering the years of assessment 2014 to 2020. The estimated tax exposure arising from the tax investigation is approximately **RM4,916,965** inclusive of estimated tax penalty based on the issues raised by IRB.

The following deferred tax assets (gross amount) have not been recognised as at the end of the reporting period as it is not probable that future taxable profit will be available against which they may be utilised:

	GROUP	
	2021 RM	2020 RM
Unabsorbed capital allowances	2,305,000	2,292,000
Unused tax losses	43,213,000	38,011,000
Other deductible temporary differences	98,000	1,022,000
	45,616,000	41,325,000

The gross amount and future availability of unused tax losses and unabsorbed capital allowances of the Group which are available to be carried forward for set-off against future taxable income are estimated as follows:

	GROUP	
	2021 RM	2020 RM
Unabsorbed capital allowances	4,219,000	2,324,000
Unused tax losses	43,352,000	38,011,000

The unused tax losses can be carried forward for seven consecutive years of assessment immediately following that year of assessment of which tax losses was incurred and this is effective from year of assessment 2018. However, unabsorbed capital allowances can be carried forward indefinitely.

29. TAX EXPENSE (CONT'D)

The expiry of the unused tax losses is as follows:

	2021 RM	2020 RM
Year of assessment 2025	32,808,000	32,808,000
Year of assessment 2026	3,011,000	3,011,000
Year of assessment 2027	2,192,000	2,192,000
Year of assessment 2028	5,341,000	-
	<u>43,352,000</u>	<u>38,011,000</u>

30. (LOSSES)/EARNINGS PER SHARE

Basic (losses)/earnings per share is calculated by dividing the (loss)/profit attributable to owners of the Company for the financial year by the weighted average number of ordinary shares in issue during the financial year as follows:

	GROUP	
	2021	2020
(Loss)/Profit attributable to owners of the Company (RM)	<u>(10,382,865)</u>	<u>16,069,941</u>
Weighted average number of ordinary shares	<u>237,056,184</u>	<u>237,056,184</u>
Basic (losses)/earnings per share (sen)	<u>(4.38)</u>	<u>6.78</u>

The (losses)/earnings per share is not diluted as the Company does not have any dilutive potential ordinary shares as at the end of the reporting period.

33.2 Financial risk management

The Group and the Company are exposed to a variety of financial risks arising from their operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk and market price risk. The Group and the Company operate within clearly defined guidelines that are approved by the Board and the Group's policy is not to engage in speculative activities.

NOTES TO THE FINANCIAL STATEMENTS

33. FINANCIAL INSTRUMENTS (CONT'D)

33.3 Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Group and to the Company. The Group's exposure to credit risk arises principally from its trade and other receivables. The Company's exposure to credit risk arises principally from its trade and other receivables, advances to subsidiaries and financial guarantees provided to financial institutions in respect of credit facilities granted to certain subsidiaries.

33.3.1 Receivables

The maximum exposure to credit risk arising from trade receivables are represented by their carrying amounts in the statements of financial position.

The Group and the Company will take into consideration factors such as the relationship with the customers, their payment history and credit worthiness in deciding whether credit shall be extended. The Group and the Company subject new customers to credit verification procedures. In addition, debt monitoring procedures are performed on an on-going basis with the result that the Group's and the Company's exposure to bad debts is not significant.

The ageing analysis of trade receivables of the Group and of the Company as at the end of the reporting period is as follows:

Trade receivables that are neither past due nor impaired are creditworthy customers with good payment record with the Group. None of the Group's trade receivables that are neither past due nor impaired have been renegotiated during the financial year.

The Group has trade receivables amounting to **RM44,953,302** (2020: RM46,515,845) that are past due at the end of the reporting period but not impaired as the management is of the view that these past due amounts will be collected in due course.

The allowance account in respect of trade receivables is used to record impairment losses. Unless the Group is satisfied that recovery of the amount is possible, the amount considered irrecoverable is written off against the receivable directly.

The Group has significant concentration of credit risk in the form of outstanding balance due from **1 customer** (2020: 1 customer) representing **92%** (2020: 99%) of the total trade receivables.

Maximum exposure to credit risk

The following table provides information about the exposure to credit risk and ECLs for trade receivables as at the end of the reporting period which are grouped together as they are expected to have similar risk nature.

In managing the credit risk of the trade receivables, the Group manages its debtors and takes appropriate actions (including but not limited to legal actions) to recover long overdue balances. The Group measures the allowance for expected credit losses of trade receivables at an amount equal to lifetime ECL using a simplified approach. The expected credit losses on trade receivables are estimated based on past default experience and an analysis of the trade receivables' current financial position, adjusted for factors that are specific to the trade receivables such as liquidation and bankruptcy. Forward looking information such as country risk assessment has been incorporated in determining the expected credit losses.

Trade receivables are usually collectible and the Group does not have much historical bad debts written off or impairment of trade receivables. There are circumstances where the settlement of trade receivables will take longer than the credit terms given to the customers. The delay in settlement is mainly due to administrative matter. No expected credit losses is provided during the financial year based on the above assessment as the impact to the Group's financial statements is not material.

33.3.2 Intercompany balances

The Company provides advances to its subsidiaries and monitors the results of the subsidiaries regularly.

The maximum exposure to credit risk is represented by their carrying amount in the statements of financial position.

As at the end of the reporting period, there was no indication that the advances to the subsidiaries are not recoverable. The Company does not specifically monitor the ageing of these advances.

33.3.3 Financial guarantees

The Company has issued financial guarantees to financial institutions for banking facilities granted to certain subsidiaries.

33.3.3 Financial guarantees (cont'd)

The Company monitors on an ongoing basis the results of the subsidiaries and repayments made by the subsidiaries. As at the end of the reporting period, there was no indication that the subsidiaries would default on repayment. The directors considered that the fair value of the financial guarantee contracts on initial recognition is insignificant.

33.4 Liquidity risk

Liquidity risk is the risk that the Group and the Company will not be able to meet their financial obligations as and when they fall due. The Group and the Company actively manage their debt maturity profile, operating cash flows and availability of funding so as to ensure that all repayment and funding needs are met. As part of their overall prudent liquidity management, the Group and the Company maintain sufficient level of cash and cash equivalents to meet their working capital requirements.

The table below summarises the maturity profile of the Group's and the Company's financial liabilities as at the end of the reporting period based on the undiscounted contractual payments:

	Carrying amount RM	Contractual cash flows RM	Within 1 year RM	More than 1 year and less than 2 years RM	More than 2 years and less than 5 years RM	More than 5 years RM

NOTES TO THE FINANCIAL STATEMENTS

30 JUNE 2021

33. FINANCIAL INSTRUMENTS (CONT'D)

33.4 Liquidity risk (cont'd)

The financial liabilities of the Company as at the end of the reporting period will mature in less than one year based on the carrying amounts reflected in the financial statements. Financial guarantees of the Company amounting to **RM78,074,484** (2020: RM84,420,941) are assumed to be mature in less than one year based on illustration purpose only as the related financial guarantees have not crystallised as at the end of reporting period.

33.5 Interest rate risk

The Group's and the Company's fixed rate instruments are exposed to a risk of change in their fair values due to changes in interest rates. The Group's floating rate instruments are exposed to a risk of change in cash flows due to changes in interest rates.

The interest rate profile of the Group's and of the Company's interest-bearing financial instruments based on the carrying amounts as at the end of the reporting period is as follows:

	GROUP		COMPANY	
	2021 RM	2020 RM	2021 RM	2020 RM
Fixed rate instruments				
Financial assets	18,428,123	20,133,604	156,279,625	147,369,744
Financial liabilities	98,686	18,590,072	7,531,681	7,004,349
Floating rate instruments				
Financial liabilities	80,081,847	73,398,353	1,256,159	-

Fair value sensitivity analysis for fixed rate instruments

The Group and the Company do not account for any fixed rate financial assets and financial liabilities at fair value through profit or loss, and the Group and the Company do not designate derivatives as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

An increase of 25 basis point at the end of the reporting period would have reduced the profit before tax of the Group by **RM136,485** (2020: RM80,872) and of the Company by **RM1,470** (2020: Nil) and a corresponding decrease would have an equal but opposite effect. This analysis assumes that all other variables remain constant.

33.6 Market price risk

The Group and the Company are exposed to price risk through their investments in unit trust funds which are classified as financial assets at fair value through profit or loss. The management manages this exposure by maintaining a portfolio of investments with different risks and diversifies the portfolio in various financial institutions.

33. FINANCIAL INSTRUMENTS (CONT'D)

33.6 Market price risk (cont'd)

Sensitivity analysis for market price risk

A 5% increase/decrease in the quoted prices of unit trusts at the end of the reporting period would have (decreased)/increase in (loss)/profit before tax by the amount shown below, and a decrease would have an equal but opposite effect, arising as a result of higher/lower fair value gain on investment in quoted unit trust.

	GROUP		COMPANY	
	2021 RM	2020 RM	2021 RM	2020 RM
(Decrease)/Increase in (loss)/profit before tax	<u>(668,274)</u>	<u>922,287</u>	<u>-</u>	<u>190,000</u>

34. FAIR VALUE MEASUREMENT

The carrying amounts of the Group's and the Company's financial assets (other than investments in quoted financial instruments) and financial liabilities as at the end of the reporting period approximate their fair values due to their short term nature or that they are floating rate instruments that are re-priced to market interest rates on or near the end of the reporting period.

The carrying amount of the non-current portion of finance lease liabilities is reasonable approximation of fair values due to the insignificant impact of discounting.

34.1 Non-financial assets that are measured at fair value

The directors determine the recurring fair values of the Group's and the Company's investment properties based on the followings:

- With reference to valuation report by external independent qualified property valuer using the market comparison method, being comparison of current price in an active market for similar properties in the same location and condition and where necessary, adjusting for location, accessibility, visibility, time, size, present market trends and other differences; and
- Current market values with reference to the selling prices of similar properties.

Details of the Group's and the Company's investment properties and non-current asset held for sale and information about the fair value hierarchy are as follows:

	Level 1 RM	Level 2 RM	Level 3 RM	Total fair value RM	Carrying amount RM

34. FAIR VALUE MEASUREMENT (CONT'D)

34.2 Financial assets that are measured at fair value on a recurring basis (cont'd)

Policy of transfer

The fair value of an asset to be transferred between levels is determined as at the date of the event or change in circumstances that caused the transfer. There were no transfers between Level 1, Level 2 and Level 3 during the financial year.

Level 1 fair value

Level 1 fair value of the other investments is derived by reference to their quoted market prices in active markets at the end of the reporting period.

Level 3 fair value

Level 3 fair value is estimated using unobservable inputs for the investment properties.

Level 3 fair value of investment properties have been generally derived using the market comparison approach. Selling prices of comparable properties in close proximity are adjusted for differences in key attributes such as property size. The most significant input in this valuation approach is price per square foot of comparable properties.

35. CAPITAL MANAGEMENT

The primary objective of the Group's capital management policy is to maintain a strong capital base to support its businesses and maximise shareholders' value.

The Group and the Company manage its capital structure and makes adjustments to it in the light of changes in economic conditions or expansion of the Group and the Company. The Group and the Company may adjust the capital structure by issuing new shares, returning capital to shareholders or adjusting the amount of dividends to be paid to shareholders or sell assets to reduce debts. No changes were made in the objective, policy and process during the financial year under review as compared to the previous financial year.

The Group and the Company consider their total equity and total loans and borrowings to be the key components of their capital structure. The Group and the Company monitor capital using a debt to equity ratio, which is calculated as total borrowings divided by total equity as follows:

	GROUP		COMPANY	
	2021 RM	2020 RM	2021 RM	2020 RM

36. EMPLOYEES' SHARE OPTION SCHEME ("ESOS")

The Company had on 9 June 2010 and 15 July 2010 obtained approval from Bursa Malaysia Securities Berhad and the shareholders respectively to establish an ESOS with duration of ten years from the effective date.

As at 30 June 2021, the ESOS has been expired.

37. MATERIAL LITIGATION

On 16 December 2019, Seal Properties (KL) Sdn. Bhd. ("SPKL"), a subsidiary of the Company has filed a Writ and Statement of Claim against Wabina Constructions & Engineering Sdn. Bhd. ("Wabina") at High Court of Malaya to claim the following:

- (i) liquidated damages of RM22,816,000 in respect of the main building works performed for a mixed development project on a portion of the land on Lot PT9149, Jalan Sri Permaisuri, Bandar Sri Permaisuri, Wilayah Persekutuan Kuala Lumpur ("the Project") developed by SPKL;
- (ii) interim Certificate of Payment No. 32 to 37 amounting to RM7,033,696 from Wabina should be deducted against the liquidated damages in item (i);
- (iii) liquidated damages of RM1,468,500 in respect of the TNB sub-station and the three mock-up sample units;
- (iv) outstanding overtime claims of RM105,852;
- (v) outstanding TNB charges of RM230,800 for temporary electricity supply to the project site from February 2019 to July 2019;
- (vi) cost to employ third party contractors of RM34,994 to rectify for the damage to external bus stop roof and to clear-up and de-silt drains at project site;
- (vii) loss and damage for breach of contract;
- (viii) interest at 5% per annum on item (i) to (vi); and
- (ix) costs.

In addition to the above, Wabina had also counterclaimed against SPKL the following:

- (i) a sum of RM26,401,538 under Final Account Claim dated 20 January 2020;
- (ii) a sum of RM17,500,000 as general, aggravated and/or exemplary damages;
- (iii) interest at 5% per annum on item (i) and (ii);
- (iv) costs.

Under the contract entered between SPKL and Wabina, the date of commencement of works shall be 1 July 2016 and the works shall be completed within the completion period of twenty-six (26) months from the date of commencement of works, i.e. 31 August 2018. An extension of three months had been granted to Wabina to complete the whole project. As at 5 August 2019, Wabina has breached its obligations under the contract as the work for the project is yet complete. SPKL, however, had disputed Wabina's counterclaim on the basis, amongst others, that the Final Account Claim is premature as the dispute resolution process has yet to be fully exhausted whilst the claim for damages is without basis as the construction contract had been wrongfully terminated by Wabina. Currently, all proceedings have been stayed pursuant to Section 10 of the Arbitration Act 2005 and the dispute is now referred to arbitration. Pursuant to Asian International Arbitration Centre's appointment, the Arbitrator had issued Procedural Order No.1 and parties are to comply with the Arbitrator's procedural orders stated therein. The hearing for arbitration is now fixed from 18 July 2022 until 7 October 2022.

On 8 May 2020, Wabina had issued a Notice of Demand to SPKL demanding for a sum of RM7,381,333 (Interim Certificate of Payment No. 32 to 36 together with interests and costs) pursuant to the Adjudication Decision dated 24 February 2020. RM7,381,333 has been released by the Company's solicitor to Wabina during the financial year. SPKL, however, had appealed the Adjudication Decision to Court of Appeal. On 30 September 2021, the Court of Appeal had dismissed SPKL's appeal.

NOTES TO THE FINANCIAL STATEMENTS

30 JUNE 2021

37. MATERIAL LITIGATION (CONT'D)

Wabina had also served a Notice of Adjudication pursuant to Sections 7 and 8 of the Construction Industry Payment and Adjudication Act 2012 on SPKL with the intention to claim the overdue payment of RM8,688 under Interim Certificate of Payment No. 37 and RM21,190,132 under progress claim No. 38. The Tribunal has handed down the Adjudication Decision on 18 May 2021 and held the following:

No.	Description	Amount RM
i.	Interim Certificate of Payment No. 37	8,688
ii.	Progress claim No. 38	5,180,381
iii.	Legal cost	65,000
iv.	Adjudicator fee	89,615
v.	Other expenses	19,687
	Total	<u>5,363,371</u>

vi. Payment shall be paid within 30 days from the date of decision

vii. Late payment interest at 5% per annum from the decision date

The progress claim No. 38 under the Notice of Adjudication was submitted by Wabina after the termination of the contract on 5 August 2019. There is overlapping of the progress claim No. 38 as it is included part of the Final Account Claim of RM26,401,538. In any event, SPKL has disputed the progress claim No. 38 on the basis that Wabina has no contractual basis to submit any further progress payments after the termination of the contract on 5 August 2019.

Pursuant to the Adjudication Decision on 18 May 2021, Wabina has filed an Originating Summons at the High Court to enforce the Adjudication Decision. The High Court has fixed for case management on 18 October 2021.

On 1 July 2021, SPKL had filed an Originating Summons, an injunction against Wabina, to restrain Wabina from presenting or filing a petition to wind-up SPKL. The High Court had granted interim injunctions to restrain Wabina from presenting winding-up petition against SPKL until the disposal of the Originating Summons. The matter is fixed for case management on 13 January 2022.

Wabina had applied for Judicial Review proceedings to set aside the Companies (Exemption) (No. 2) Order 2020. The Judicial Review proceedings is mainly against Malaysia Government and in particular, the Ministry of Domestic Trade and Consumers Affairs. However, SPKL was named as a respondent in the Judicial Review proceedings since Wabina is alleging that the Companies (Exemption) (No. 2) Order 2020 is preventing Wabina from presenting a winding-up petition against SPKL within 21 days of service of a Section 466 statutory notice demanding for payment of the adjudicated sum. The matter is now fixed for case management on 8 October 2021.

38. SIGNIFICANT EVENTS

- (i) The World Health Organisation declared the 2019 Novel Coronavirus ("COVID-19") outbreak a pandemic on 11 March 2020. This was followed by our government issuing a Gazetted Order known as the Movement Control Order ("MCO") starting from 18 March 2020 to curb the spread of the COVID-19 outbreak in Malaysia. The COVID-19 outbreak also resulted in travel restrictions, lockdown and other precautionary measures imposed in various countries. The emergence of the COVID-19 outbreak since early 2020 has brought significant economic uncertainties in Malaysia and markets in which the Group operates.

As at the date of this report, the financial impact of the COVID-19 outbreak to the Group cannot be reasonably estimated due to the inherent unpredictable nature and rapid development relating to COVID-19. As such, the directors will continue monitoring the situations closely and responding proactively to mitigate the impact towards the Group's operations.

Based on the assessment and information available at the date of this report, the Group has sufficient working capital to sustain its business operations and to continue its business as a going concern. Cost cutting measures have been taken to minimise the potential impact arising from this pandemic.

NOTICE OF ANNUAL GENERAL MEETING

NOTES:

2. Proxy (Cont'd)

- 2.2 According to the Guidance Note and Frequently Asked Questions on the Conduct of General Meetings for Listed Issuers revised by the Securities Commission Malaysia on 16 July 2021, an online meeting platform located in Malaysia is recognised as the meeting venue and all meeting participants of a fully virtual general meeting are required to participate in the meeting online.
- 2.3 For the purpose of determining who shall be entitled to attend the meeting, only members whose names appear on the Record of Depositors as at 22 December 2021 shall be eligible to participate and vote at the 59th AGM.
- 2.4 Every member is entitled to appoint not more than two (2) persons as his proxy. Where a member appoints more than one (1) proxy, the appointment shall be invalid unless he specifies the proportions of his shareholdings to be represented by each proxy.
- 2.5 Every Member including authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991, and an Exempt Authorised Nominee who holds ordinary shares in the Company for multiple owners in one securities account ("Omnibus Account"), is entitled to appoint another person as his proxy to exercise all or any of his rights to participate, speak and vote in his stead at the 59th AGM, and that such proxy need not be a member of the Company. There shall be no restriction as to the qualification of the proxy save that the proxy must be of full age. A proxy appointed by the member shall have the same rights as the member to participate, speak and vote at the 59th AGM. The members or their proxies may submit questions to the Company via real time submission of typed texts in the online meeting platform during the 59th AGM or by submitting the questions by logging in to the Boardroom Smart Investor Portal at <https://investor.boardroomlimited.com> prior to the 59th AGM.
- 2.6 Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for Omnibus Account, there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each Omnibus Account it holds.
- 2.7 The instrument appointing a proxy or representative and the duly registered power of attorney or other authority, if any, shall be in writing under the hand of the appointer or his/her attorney duly appointed under a Power of Attorney or, if such appointer is a corporation, either under its common seal or under the hand of two (2) authorised officers, one of whom shall be a Director or its attorney duly appointed under a Power of Attorney. If under the hand of attorney/authorised officer, the Power of Attorney or Letter of Authorisation must be attached.
- 2.8 The instrument appointing the proxy(ies) may be made in hardcopy form or by electronic means in the following manner and must be received by the Company not less than forty-eight (48) hours before the time appointed for holding the 59th AGM or any adjournments thereof:-
- (a) **In Hardcopy Form**
- The proxy form shall be completed and returned in accordance with the instructions therein to the Share Registrar at Boardroom Share Registrar Sdn. Bhd. at Ground Floor or 11th Floor, Menara Symphony, No. 5, Jalan Prof. Khoo Kay Kim, Seksyen 13, 46200 Petaling Jaya, Selangor Darul Ehsan, Malaysia.
- (b) **By Electronic Means**
- (i) Through Boardroom Smart Investor Portal at <https://investor.boardroomlimited.com>. Please follow the procedures provided in the Administrative Guide of the 59th AGM in this Annual Report; or
- (ii) The proxy forms shall be electronically lodged to bsr.helpdesk@boardroomlimited.com or fax to (+603)78904670.
- 2.9 The last date and time for lodging the proxy form is Monday, 27 December 2021, 10.30a.m.

NOTICE OF ANNUAL GENERAL MEETING

NOTES:

3. **Item 1 of the Agenda** **Audited Financial Statements for the financial year ended 30 June 2021**

The audited financial statements are laid in accordance with Section 340(1)(a) of the Companies Act 2016 for discussion only under Agenda 1. They do not require shareholders' approval and hence, will not be put forward for voting.

4. **Ordinary Resolution 1** **Payment of Directors' fees for the financial year ended 30 June 2021**

The proposed Directors' fees of RM240,000 for the financial year ended 30 June 2021, an increase of RM48,000 from RM192,000 in the financial year ended 30 June 2020, is to be paid to all Non-Executive Directors of the Company for the financial year ended 30 June 2021. The increase is due to additional Non-Executive Directors being appointed during the financial year ended 30 June 2021. The payment of Directors' fees to all Non-Executive Directors in respect of financial year ended 30 June 2021 will only be made if the proposed Resolution 1 has been passed at the 59th AGM pursuant to the Company's Constitution and Section 230(1)(b) of the Companies Act 2016.

5. **Ordinary Resolution 2** **Payment of benefits payable to the Directors**

Section 230(1) of the Companies Act 2016 provides amongst others, that the fees of the Directors and any benefits payable to the Directors of a listed company and its subsidiaries shall be approved at a general meeting. The benefits payable to the Directors pursuant to Section 230(1)(b) of the Companies Act 2016 have been reviewed by the Board of Directors of the Company, which recognises that the benefits payable are in the best interest of the Company for the applicable period from 29 December 2021 up to the conclusion of the next AGM. The benefits comprise of Directors and Officers Liability Insurance, benefits in kind, bonus, meeting allowance and others for Directors.

6. **Ordinary Resolution 8** **Authority to allot and issue shares**

The Company wishes to renew the mandate on the authority to issue shares pursuant to the Companies Act 2016 at the 59th AGM of the Company. The Company had been granted a general mandate by its shareholders at the Fifty-eighth Annual General Meeting of the Company held on 21 December 2020 whereby the Board has been authorised to issue and allot new shares not exceeding twenty per centum (20%) of the total number of issued shares of the Company (excluding treasury shares) at the time of issue ("Previous Mandate").

The Previous Mandate had been utilised for a Private Placement exercise where on 9 September 2021, the Company has allotted 23,000,000 new ordinary shares at an issue price of RM0.346 per share. Further details on the Private Placement and utilisation of the proceeds raised is available under Additional Compliance page of this Annual Report.

7. **Ordinary Resolution 9** **Proposed Renewal of Share Buy Back Authority**

The proposed Resolution 9 if passed, will empower the Directors to purchase the Company's shares through Bursa Securities up to 10% of the total number of issued shares of the Company. Details of the Proposed Share Buy Back are contained in the Share Buy Back Statement dated 29 October 2021.

By submitting an instrument appointing a proxy(ies) and/or representative(s) to participate and vote at the 59th AGM and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the 59th AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the 59th AGM (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

ADMINISTRATIVE GUIDE

ADMINISTRATIVE GUIDE FOR THE FULLY VIRTUAL FIFTY-NINTH (“59TH”) ANNUAL GENERAL MEETING (“AGM”)

- Day, Date and Time** : Wednesday, 29 December 2021 at 10.30 a.m. or at any adjournment thereof.
- Main Venue** : Fully virtual via online meeting platform at <https://meeting.boardroomlimited.my> (Domain Registration No. with MYNIC - D6A357657).
- Mode of Meeting** : (i) Typed text in the online meeting platform during the 59th AGM.
(ii) Shareholders may submit questions by logging in to the Boardroom Smart Investor Portal at <https://investor.boardroomlimited.com> prior to the 59th AGM.

MODE OF MEETING

In view of the COVID-19 pandemic and the Company's initiative to curb the spread of COVID-19, the **59th AGM** of the Company will be conducted fully virtual via the online meeting platform.

The conduct of a fully virtual 59th AGM is in line with the revised Guidance Note and Frequently Asked Questions (“**the Revised Guidance Note and FAQ**”) by the Securities Commission Malaysia on 16 July 2021. The Revised Guidance Note and FAQ states that in a fully virtual general meeting, all meeting participants including the Chairperson of the meeting, board members, senior management and shareholders are required to participate in the meeting online. Physical gatherings no matter how small are prohibited.

According to the Revised Guidance Note and FAQ, an online meeting platform can be recognised as the meeting venue or place under Section 327(2) of the Companies Act 2016 provided that the online platform is located in Malaysia.

We strongly encourage you to participate in the 59th AGM via the Virtual Meeting Facilities provided to exercise your right as a member of the Company to participate (including to pose questions to the Board of Directors and/or Management of the Company) and vote at the 59th AGM. Alternatively, you may also appoint the Chairman of the Meeting as your proxy to attend and vote on your behalf at the 59th AGM.

Kindly ensure that you are connected to the internet at all times to participate and vote when our 59th AGM has commenced. Therefore, it is your responsibility to ensure that connectivity for the duration of the 59th AGM is maintained. Kindly note that the quality of the live webcast is dependent on the bandwidth and stability of the internet connection of the participants.

VOTING PROCEDURE

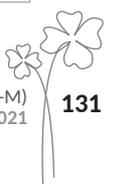

Pursuant to Paragraph 8.29A of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, voting at the 59th AGM will be conducted by poll. Poll administrator and Independent Scrutineers will be appointed to conduct the polling process and verify the results of the poll respectively.

Notes:

1. The 59th AGM will be conducted on fully virtual basis via online meeting platform at <https://meeting.boardroomlimited.my> (Domain Registration No. with MYNIC - D6A357657). Please follow the procedures provided in the Administrative Guide for the 59th AGM in order to register, participate and vote remotely via the Remote Participation and Electronic Voting facilities.
2. According to the Guidance Note and Frequently Asked Questions on the Conduct of General Meetings for Listed Issuers revised by the Securities Commission Malaysia on 16 July 2021, an online meeting platform located in Malaysia is recognised as the meeting venue and all meeting participants of a fully virtual general meeting are required to participate in the meeting online.
3. For the purpose of determining who shall be entitled to attend the meeting, only members whose names appear on the Record of Depositors as at 22 December 2021 shall be eligible to participate and vote at the 59th AGM.
4. Every member is entitled to appoint not more than two (2) persons as his proxy. Where a member appoints more than one (1) proxy, the appointment shall be invalid unless he specifies the proportions of his shareholdings to be represented by each proxy.
5. Every Member including authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991 (SICDA), and an Exempt Authorised Nominee who holds ordinary shares in the Company for multiple owners in one securities account ("Omnibus Account"), is entitled to appoint another person as his proxy to exercise all or any of his rights to participate, speak and vote in his stead at the 59th AGM, and that such proxy need not be a Member of the Company. There shall be no restriction as to the qualification of the proxy save that the proxy must be of full age. A proxy appointed by the member shall have the same rights as the member to participate, speak and vote at the 59th AGM.
6. Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for Omnibus Account, there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each Omnibus Account it holds.
7. The instrument appointing a proxy or representative and the duly registered power of attorney or other authority, if any, shall be in writing under the hand of the appointer or his/her attorney duly appointed under a Power of Attorney or, if such appointer is a corporation, either under its common seal or under the hand of two (2) authorised officers, one of whom shall be a Director or its attorney duly appointed under a Power of Attorney. If under the hand of attorney/authorised officer, the Power of Attorney or Letter of Authorisation must be attached.
